PRICE FIVE CENTS

C OF C ELECTS 3 DIRECTORS ON WEDNESDAY

Glenn Guise and N. A. Meligakes were re-elected and William Ayre was elected to succeed Fred Faber to the board of directors of the Gettysburg Chamber of Commerce at the Chamber's annual dinner meeting on Wednesday evening at the Peace Light Inn. President Julian Estep conducted the meeting which was attended by 50 members and guests.

Estep reported on the activities of the Chamber during the past year and suggested some courses of action for the coming year. Urging greater membership participation in Chamber projects, he called on members to "get behind your directors."

"Gettysburg could use some industry," he said, "not just in Gettysburg but in the surrounding area." He suggested that some decentralization of state offices might be in order and that the possibility of a state office building "along the Biglerville road could be more than a pipe dream."

He noted that many Gettysburg area persons commute to other places, including Harrisburg, to work. He suggested that these might just as well be employed locally.

Industrial Survey

Among the year's activities on which he reported was the Chamber's co-operation with the Metropolitan Edison Co. in the preparation of an industrial survey. Estep showed an advance copy of the survey which, he said, will be widely circulated by the power company. One hundred copies of the survey are to be made available to the local Chamber.

The survey will also be placed in the hands of industrial location consultants, he said.

The Chamber's office has been painted, he reported, and new lamps and pictures have made it much more presentable. He suggested that members visit the office to "see for themselves."

Committee System

Estep reported that the directors had charged the committees to meet regularly and to make reports and recommendations to the directors.

"The plan was designed to get participation from the general membership," he said. "About 70 per cent of our members were on committees. The Chamber experienced some deterioration in the working of the committee system."

Establish Council

He said that the Chambers had been particularly active in establishing the Executive Council which co-ordinates activities of the Chamber, the Travel Council and the Retail Merchants' Association.

This group, which is composed of representatives from each of the other organizations, allocates responsibility for various community activities. Estep said that this is of considerable help to the officers of the several organizations who, formerly, "could never be sure whether some activity or project should be handled by their own organization or one of the others."

"Many requests for travel information come to the Chamber," he said, "and can now be referred to the Travel Council. This

Scouts Will Get Charters Nov. 21

Plans for presenting charters to the Boy Scouts of Troop 124, Hunterstown, were outlined Tuesday evening at a joint committee meeting. Ray Shupe, institutional representative, appointed Dale Taughinbaugh to present the charters to the Scouts Friday evening, November 21, at 7:30 o'clock in the Hunterstown Presbyterian Church. A speech by Monroe Miller will open the ceremony, which will be closed by Marvin Dettinburn. Refreshments will be served after the rites.

The following appointments were also made: James Black Jr., associate advisor to Dettinburn; Lester Wiseman, committeeman for the troop; Walter Geiman and Wiseman, co-chairmen of the refreshment committee.

The recent death of Luther Stevens will leave a vacancy in the Gettysburg Police Department that will be difficult to fill.

Never before in our experience have so many folks come forth and expressed their genuine sorrow over the death of a resident... especially one who had not sought the public spotlight nor attained fame through service of an unusual nature.

Officer Stevens was one of the most polite, courteous and considerate policemen Gettysburg ever had. He always seemed to be happy and eager to render service and these virtues earned for him a host of many known and unknown friends. He will be remembered by many for a long time.

Dr. Francis Mason of the college English department, wrote the following to Chief of Police Jack Bartlett:

"I should like to express publicly my deep regret at the passing of Luther Stevens. 'I was with him when he made his last arrest, and he did his duty with temperance, tact, and perfect efficiency. He was representative of the best qualities of our local police. We of the college shall miss him.'"

A local attorney wrote your reporter today as follows:

"It was with great regret that I read of the death of Luther Stevens, a member of the Gettysburg police force."

"A small community like ours sometimes takes for granted the protection our lives and property enjoy by reason of the faithful and efficient operation of our police department. Yet, with the possible exception of our school teachers, no occupation is more poorly compensated in proportion to its responsibility."

"Luther was more than a 'cop.' He was courteous, friendly and respected by young and old alike. On or off duty he was a credit to our community. I wonder just how many children benefited by his generosity."

"Too often we say these things too late to be appreciated but perhaps Luther's family will take some comfort in the knowledge that his efforts have not gone by unnoticed."

SIX WOMEN AT SCOUT CONFAB

Six representatives of the Adams County Girl Scout Council returned Wednesday evening from Washington, D. C., where they were among 1,400 Girl Scout leaders from throughout Region Three attending the 28th annual regional conference at the Sheraton Park Hotel. The conference opened Monday.

Mrs. Charles Ritter, Littlestown, second vice president of the Adams County council, attended sessions on "Improving Participation" held at Catholic University; Mrs. Robert Thompson, Bendersville, attended workshops on "The Right Person For the Right Job" at the Sheraton Park Hotel; Mrs. Gordon Webster and Mrs. N. Hardy Nichols, both of Gettysburg, attended the sessions on outdoor scouting held at the national Girl Scout Camp at Bethesda.

Mrs. Galen Mohler, Fairfield, attended sessions on "Advancement in Creative Arts" held at the National Gallery of Art and Mrs. Robert Kleppinger, Fairfield, attended sessions on "Developing Leadership" at Howard University. The county women also attended general sessions.

MRS. BIGHAM IS PRESIDENT OF COUNTY UNIT

Mrs. Franklin R. Bigham, W. Broadway, was elected as the new president of the Adams County Society for Crippled Children and Adults at the re-organization meeting of the society's board of directors Wednesday afternoon in the Public Assistance offices on N. Washington St.

Attempted Palace Coup In Buenos Aires Is Crushed

By SAM SUMMERLIN

BUENOS AIRES (AP) — President Arturo Frondizi crushed an attempted palace coup Wednesday night and oil workers postponed a nationwide strike.

The threatened strike had sparked the political crisis. The oil workers are opposing a government plan to get foreign help in developing Argentina's nationalized oil industry.

The coup was led by Vice President Alejandro Gomez, according to official reports. He denied it. Deputies and senators of the ruling Intransigent Radical party early today called for his resignation. His impeachment by Congress was threatened.

Armed Forces Rally

As Frondizi struggled to solve the labor unrest which has caused a crisis endangering his 6-month-old regime, Argentina's powerful armed forces rallied to support the embattled chief executive.

Gomez, a tough politician, had claimed military and political sup-

Sgt. Kennedy Has An Eventful Visit

Sgt. Robert Kennedy flew home from Hawaii to be with his parents, Mr. and Mrs. D. F. Kennedy, Bendersville, both of whom are recuperating from surgery. A few days after his arrival, his brother, Ross, a seventh grade pupil at Biglerville High School, suffered a head injury while practicing basketball and his brother, Larry, a Biglerville senior, received a back injury while engaging in football play with several other boys.

Larry was taken to the Warner Hospital for examination. Mr. Kennedy had had an abdominal operation at the Warner Hospital and Mrs. Kennedy had been in the Carlisle Hospital for spinal surgery.

WOMAN'S CLUB WILL HANDLE HOLIDAY LIST

The Woman's Club of Gettysburg will operate the Holiday Bureau over the Thanksgiving and Christmas holidays this year, the president, Mrs. Ralph D. Wickerham, announced Wednesday afternoon at the meeting of the club at the Manufacturers Light and Heat Co. office, York St.

Mrs. W. Ramsay Jones was named chairman for the bureau which will have a listing of needy families to which organizations and individuals may refer if they wish to provide gifts of food baskets, toys, etc., to needy families during the holiday seasons.

The bureau has been in operation several years to provide names to those wishing to provide gifts, and thus help spread the gifts to all needy. Organizations and individual wishing to give gifts can, through the bureau, determine whether there are families which are not being provided with gifts and thus avoid duplication of gifts to some while others get none.

Plan January Party

Mrs. Glenn A. Slaybaugh Sr. announced that members who may wish to give gifts to the guests of the county home at Christmas should bring them to the December meeting of the Woman's Club. There are 37 women and 27 men at the home, she said, and those donating gifts are asked to designate whether they are for men or women, and if sewing baskets are given the designation "sewing" should be marked on the gift so the gifts will be given to the right guests at the home.

Mrs. Wickerham announced that the annual Woman's Club card party will be held in January with the executive committee and others to be designated serving as the committee. Further plans will be announced later.

A Christmas program entitled "Living Madonnas" will be presented under direction of Miss Ruth McIlhenny at the December 10 meeting of the Woman's Club.

"We will be happy to have town residents attend our play if they wish," Jerry L. Jackson, director of the comedy, said today. "All they need to do is call the college, ask for the alumni office, and make reservations. The tickets will be left at the box office for them," he said.

BERMUDIAN'S JOINT SCHOOL DINNER HELD

The Bermudian Springs Joint School System held its annual directors' and employees' banquet Wednesday evening in the York Springs School cafeteria with about 140 persons attending. A ham dinner was served by the cafeteria staff.

Guest speaker was Dr. Russell Rosenberg, head of the education department at Gettysburg College, who compared the American education system with that of Russia and noted that one of the principal differences between the two systems is that in Russia students are trained to serve the state whereas in this country the welfare of the individual is the prime consideration.

He said it is the aim of Russia to surpass the United States in its education system in 15 years.

AGED MAN IS KILLED SEATED AT ROADSIDE

The autoist whose car struck and killed Bruce Gladfelter may have been discovered, Penn Twp. Police Chief Richard J. Hahn said this afternoon.

"All we can say now is that we have a car with damage which could have been caused by hitting a man. We have sent samples of paint and what appears to be blood to the FBI laboratories for checking," he said. The car was found in the Hanover area.

Bruce Allen Gladfelter, 65, Hanover R. 5, was injured fatally when struck by a car which failed to stop at the scene Wednesday evening at 6:20 o'clock north of the Hanover borough limits. Police are searching for the hit and run motorist.

Mr. Gladfelter, formerly of Spring Grove, was moved to the Hanover hospital, where he died in the emergency room at 7:45 p.m.

Dr. Donald Withers, deputy York County coroner, attributed death to a fractured skull. Mr. Gladfelter's other injuries were crushed right chest, several fractured ribs, fractured right arm and cuts of the right hand.

Seated at Roadside

Penn Township Chief of Police Richard J. Hahn said he was informed by witnesses that Mr. Gladfelter was seated about four feet off the west side of the highway.

Witnesses reported that a light colored car was traveling at a high rate of speed south towards the borough and swung off the highway about 50 feet from where the victim was seated, and then continued south after hitting Mr. Gladfelter.

State and Hanover police in the area were alerted to be on the lookout for the car.

Mr. Gladfelter, a son of the late Mr. and Mrs. George Gladfelter, was employed for a number of years at the P. H. Gladfelter company, Spring Grove. He also had been employed at the former York Ice Machinery corporation and by the borough of Hanover. He retired about 15 years ago.

Many Survivors

Surviving are his wife, Mrs. Katie Riley Gladfelter, Hanover; 12 children, Preston G. Gladfelter, Hanover R. 5, with whom he resided; Philip Gladfelter, Hanover R. 2; Bruce Jr., and Charles Gladfelter, Hanover; Richard Gladfelter, address unknown; Kenneth Gladfelter, Lewisburg R. 1; David Gladfelter, Hanover; Mrs. Gloria Millhimes, New Oxford R. 1; Burnell Gladfelter, Hanover, and Melvin, Charlotte and Patricia Gladfelter, all at home; 24 grandchildren, five great grandchildren, two sisters and a brother, Mrs. Gertrude Bupp and Edward Gladfelter, both of Spring Grove, and Mrs. Ruth Strausbaugh, Seven Valleys.

THALHEIM FUNERAL

Funeral services were held from the Allison Funeral Home, Fairfield, Wednesday afternoon for Mrs. Agnes May Thalheim, 67, wife of Charles Thalheim who died at her home, Fairfield R. 1, Sunday afternoon. The Rev. Otto Kroeger officiated and interment was in the Fairfield Union Cemetery. The pallbearers were Robert Hoover, Kenneth Hoover, Donald Hoover, Carl Seif, Albert Marks and Donald Maris.

BRIDE-TO-BE VANISHES AT COURT HOUSE

Clerk of Courts Kenneth W. Johns and his deputy, Mrs. Martha McCleary, are still wondering what became of the bride.

The mystery began Wednesday when John Hadam, once of Germany, more recently of the Emmisburg area, and his bride-to-be appeared in the clerk's office to obtain a marriage license.

Mrs. McCleary found that the bride-to-be did not speak English, having only recently arrived from Germany, and Mr. Hadam translated the questions of Mrs. McCleary for the bride. Mr. Hadam gave his age as 73. The bride-to-be, whose first name was "Annie," appeared to be in her late 40s, Mrs. McCleary said.

Mrs. McCleary started to fill out the wedding license application form. She put down Mr. Hadam's name, and got as far as "Annie" on the bride-to-be. At that point there was a flurry of German and Mr. Hadam asked Mrs. McCleary to show his bride-to-be to the ladies' room. Mrs. McCleary accompanied the woman as far as the stairway to the second floor of the court house and pointed in the direction of the "powder room."

Time passed but "Annie" did not return. Later Mrs. McCleary searched the upstairs of the court house and Clerk Johns searched the basement and downstairs. But "Annie" had disappeared.

After an hour's search failed to disclose the bride-to-be Mr. Hadam also left.

The Kiwanis Club of Gettysburg will sponsor the nationally-known 40-voice Elks' Chorus of Hanover together with Hildegarde School of Music tap, to and ballroom dancing, tonight at 8:15 p.m. in Gettysburg High School auditorium. Adults, \$1.00; students, 50c; children under 12 free.

REDS MOVE TO NEUTRALIZE NEW GERMANY

LONDON (AP)—Russia and her Communist friends are shaping up a strong new diplomatic offensive in Europe with the ultimate aim of neutralizing a reunited Germany. Western diplomats have concluded.

This seems to be the real meaning behind three related moves in the Communist capitals of Warsaw, Moscow and East Berlin.

The Communist proposals would bring about a disengagement of East-West forces in mid-Europe, liquidation of the four-power occupation regime in Berlin and withdrawal of Russian and Western forces from Germany.

Could Ruin Alliance
The United States, Britain, France and their Atlantic Pact allies today were reported satisfied that fulfillment of these aims would leave Russia in a position of almost unassailable power in Europe. It would spell the beginning of the end of the Atlantic Alliance.

Here is the emerging pattern of the Warsaw last week — Poland modified her plan for banning nuclear weapons in her own territory, Czechoslovakia and East and West Germany. The Poles sought to meet past Western objections to their disengagement project by allowing for cutbacks of conventional forces on both sides. They also provided that American and Russian forces in their zones temporarily could keep nuclear weapons.

Allies Are Alert
Polish Deputy Foreign Minister Marjan Naszkowski is in Geneva presumably hoping to sell the scheme at East-West talks on preventing surprise attack. But the Allies have no intention now of buying it or any other disengagement proposals. They consider that missile-age strategy demands defense in depth. East of the Iron Curtain the Russians have the depth, west of it the Allies have much less room.

In Moscow Monday—Soviet Premier Khrushchev called for an end of the four-power occupation regime in Berlin and said the Russians themselves would quit the city as an occupying power anyway.

Limited Business
The Russians hope to force the West into doing limited business with the East Germans on day-to-day matters like traffic, communications, customs, and thus into at least a limited recognition of the puppet regime.

In East Berlin Wednesday—Communist Premier Otto Grotewohl indicated that negotiations with Russia may lead to a withdrawal of Russian troops from East Germany.

A Russian withdrawal would bring new pressures on the Allies to reduce or pull out some of their own forces from the West.

The view of Allied diplomats here is that nothing very startling is likely to happen soon. But they think the Russians and their friends have switched pressure back from the Far East and Middle East to Europe as a long-term operation that may slide into months and that may be intended to culminate in a summit meeting.

HE WILL NEVER SIT DOWN AGAIN

WICHITA, Kan. (AP)—Harry Biltz, who never will sit down again, is headed home from the hospital today after his third operation.

Biltz is the Colwich, Kan., salesman who attracted national attention a few weeks ago when he appeared at a state safety conference. A year ago, his sports car hit a stalled truck near Colwich. The ball and socket joint in his right hip was shattered beyond repair.

At the time, Biltz, 31, was trying to decide whether to let doctors fix his bones so they would grow together without a joint at the hip. They said it was the only way they could relieve his constant pain.

The operation was performed Oct. 17.

Surgeons told Biltz he'll be able to walk, perch on a high stool and lie almost normally in bed.

\$200 FOR ROOF FUND

A fund to be used for a new roof for old Grand Conewago Presbyterian Church at Hunterstown got a \$200 start last Saturday evening when a Chinese supper was served under the direction of Mrs. Charles MacPherson, New Oxford R. 2, and her daughter, Mrs. Robert Mainhall of Washington, D. C. Several hundred persons were served and others were turned away when food supplies were exhausted. Mrs. Ray Shupe is treasurer of the Church Roof Fund committee.

Named as delegates and alternates to attend sessions of the Gettysburg Association of Clubs and the Adams County Association of Clubs were: Robert Swisher, Wayne Asper, Patrick McDermitt, William Orner, Robert Myers, Francis Wisotzky and Edward Kerrigan.

TEACHERS NOT OMNISCIENT

PHILADELPHIA (AP)—An author-educator thinks teachers are committing a crime against learning when they refuse to admit, "I don't know."

Dr. Herbert S. Zim told a staff meeting of 400 Philadelphia school principals and supervisors Wednesday teachers should realize no one knows all the answers. Difficult questions put by some of their pupils probably can be answered by others in the classroom, he suggested.

This is particularly true in the new science classes in elementary schools, he said. In tackling this instruction, "many teachers without science training are scared stiff."

Don't Need All The Answers
What they don't understand, Zim went on, is that "in science you don't need all the answers in order to teach. If one child wants to know about butterfly wings or how to put a rocket in orbit, some of his classmates will have the answers."

In that way, everyone—teachers included—learns, he said. "And the most exciting element in education—the insatiable curiosity of children—is encouraged instead of squelched."

Dr. Zim is a former education professor at the University of Illinois.

MRS. STAUFFER EXPIRES TODAY

Mrs. Salome Baker Stauffer, 68, wife of Congressman S. Walter Stauffer, died unexpectedly at 7 o'clock this morning at her home, 124 W. Springettsburg Ave., York, from a stroke. She apparently had been in good health but complained of a headache on Wednesday evening and a physician was called.

The congressman and his wife had planned to spend a week's vacation at the seashore but cancelled those plans Wednesday evening.

The deceased is survived by her husband, who served two terms in Congress; a daughter, Mrs. Robert S. Skolde, of Red Bank, N. J.; a brother and two grandchildren.

Funeral arrangements are incomplete.

The Biglerville Garden Club held its November business meeting Monday evening in the social room at St. Paul's Lutheran Church, with 19 members present. Mrs. Earl Carey, president, presided. Mrs. Clifford Bucher and Mrs. Charles Raffensperger served as hostesses. Mrs. Carey gave a report on the State Garden Club Federation convention at Pittsburgh in October, and displayed materials from the convention. The treasurer's report was given by Mrs. Donald Bosserman. Mrs. O. A. Nary reported for the Civic Improvement Committee and requested the opinion of the club on planting a small plot of bulbs at the edge of the St. Paul's Lutheran Church parking lot on Franklin St. The club favored this project. Bulbs on hand and bulbs and plants donated to the club will be used for this purpose. It was voted to discontinue the planting of petunias on the "BHS" at Biglerville High School due to mowing problems, but the club will continue to care for the planting at the elementary school.

Mrs. Cyrus Bucher, chairman of the Garden Therapy Committee, reported the planting of a center plot of tulip bulbs at the Adams County Home. Mrs. A. L. Leinart, chairman of the open meeting which was held last Thursday, expressed her thanks to all who contributed toward the refreshments. Mrs. Blaine Walter, chairman of the committee in charge of the Christmas meeting which will be held at her home on December 1, requested that each member bring a Christmas corsage, either made or purchased, for exchange. Other hostesses for the December meeting are Mrs. Robert Eicholtz Sr., Mrs. David Pitzer, Mrs. O. A. Nary and Miss Gail Bell.

Mrs. Carey reported that all types of flower holders, posey clay, and wire frames for wreaths will be on sale at Mrs. George Claybaugh's Shoe Shop on W. York St., Biglerville. She also announced that the club received an invitation to "An Aluminarian Caravan" to be held in Harrisburg on December 4, 5 and 6. Members desiring tickets are to contact Mrs. Carey.

The following nominating committee was appointed: Mrs. O. A. Nary, Mrs. Cyrus Bucher and Mrs. Blaine Walter. Officers will be elected at the December meeting.

Goose grease used to be found in most medicine chests. For a long time, it was a common remedy for chest colds and pneumonia. The high mortality rate of lung patients proves how ineffective this remedy was. Modern medications—particularly the antibiotics—have drastically reduced the death toll of pneumonia victims, shortened hospital stays and relieved untold pain and suffering. So, don't medicate yourself. Let your physician do the diagnosing and prescribing. Then come to us for any medications he may recommend.

TWO HONORED AT ANNUAL BOY SCOUT SESSION

John C. Huston and Paul E. Aumen were cited for outstanding services to youth at the annual meeting and Ladies' Night of the Conewago Boy Scout District in Hanover Wednesday evening. About 100 persons attended.

Both received engraved wall plaques. Huston, chairman of the district and camping activities committee, was cited for leadership in modernizing Camp Conewago, Dick's Dam, while Aumen was given recognition for his activities as chairman of the district advancement committee. Aumen was one of the first campers who attended sessions when Camp Conewago was founded in 1921.

Tribute For 240
A special tribute was paid to the 240 persons in the Hanover and New Oxford areas who founded the camp and established a maintenance fund for its operation.

The citation to the founders was in charge of Rush C. Little, district member at large, and remarks were offered by Stewart C. Hoffheins, executive vice president of the First National Bank and Trust Company, Hanover, where the trust fund was maintained.

Scouters' keys for completing a three-year training program were presented to Paul Shaffer, Cubmaster of Pack 104, Trinity United Church of Christ; John A. Smith, Cubmaster of Pack 107, Church of the Annunciation of the Blessed Virgin Mary, McSherrystown; Robert Donohue, Scoutmaster of Troop 85, New Oxford, and Kenneth S. Whisler, Scoutmaster of Troop 116, Grace United Church of Christ.

Others Elected
The awards were presented by Attorney Harold B. Rudisill, a past district chairman, and Paul F. Worcester, who was re-elected district chairman.

Other officers re-elected were: Richard B. Allenman, Dayne Garrett and Dennis R. Wetzel, vice chairman, and Dr. Daniel L. Carbaugh, district commissioner.

A total of 50 persons were elected to the membership at large.

Remarks were offered by Ray R. Wiegand, chief executive of York-Adams area council, and Charles V. Bright, field executive. Dr. Carroll served as master of ceremonies and opening and closing ceremonies were conducted by Eagle Scouts Aaron Pressel Jr., New Oxford and Kenneth S. Whisler Jr.

assures the Chamber that these requests are answered.

Big Business
"Sometimes I think we don't realize the magnitude of the travel industry," Estep said. "It is a big industry."

The president thanked Dr. Chester Jarvis and Arthur B. Boenau, of the Gettysburg College political science department, for their aid in setting up bylaws for the Executive Council.

"Gettysburg needs a lot," Estep added, "and the Chamber of Commerce can help the Travel Council and the Merchants' Association to fill the gap."

Recreation
For the future Estep suggested that the Chamber members consider a swimming pool, a community building, parking problems and the expected highway by-pass. Regarding the last, he said that the several interested organizations in the community should get together and decide what they should favor regarding the relocation of Route 15.

On the recreation side, he asked, "How many 'high school' graduates have left Gettysburg?" Industry, he said, in searching for location also considers recreational facilities and opportunities, the needs of its employees' as well as the needs of the industry itself.

Union Closes International Harvester Plants In Nation

CHICAGO (AP) — A strike of some 36,500 United Auto Workers Union employees today shut down International Harvester Co. plants throughout the nation.

Picket lines were reported orderly as the strike went off at 7 a.m., local time, in 15 plants.

Efforts to avert the walkout failed Wednesday night after federal mediators met with management and labor officials.

Union and management representatives planned another session today.

The UAW gave the go-ahead for the strike after the company rejected a union package proposal for a new contract to replace the one which expired Aug. 1. Since that date UAW members have continued to work under an extension of the old contract.

Rejected Demands

Duane Greathouse, UAW vice president and director of its agricultural implements division, said Harvester had rejected union demands for a contract similar to that granted in the auto industry. Specific union demands have not been spelled out.

A Harvester spokesman said the principal stumbling blocks are union insistence on retroactivity to Aug. 23 of any new agreement and inclusion of employees in company parts depots and transfer houses.

The company, he said, insists on dealing locally with nonproduction

employees in such depots.

Both the union and Harvester were in agreement on the amount of the annual improvement wage—a 6½ cents hourly wage boost—or a 2½ per cent increase, whichever is greater.

The company said production and maintenance employees now receive an average hourly wage of \$2.34.

Among the unsettled issues in the negotiations, which have been under way since midsummer, are increased pensions, longer vacations and piecework operations.

Of the some 36,500 UAW members, 13,200 are employed in four plants in the Chicago area. Other plants are in Canton, Rock Island, Rock Falls, and East Moline, Ill.; Indianapolis and Fort Wayne, Ind.; Louisville, Ky.; Memphis, Tenn.; Springfield, Ohio; and Stockton and Emeryville, Calif.

WOMAN'S CLUB

(Continued From Page 1)

it was announced, Mrs. Jacob Heikkinen, chairman of the music department, will have charge of the program. Mrs. John MacPhail will be chairman of the hostess committee for the meeting. Others on that committee will include Mrs. Harold L. Ecker, Mrs. James Martin, Mrs. A. B. Plank, Mrs. W. R. Sammel, Mrs. Paul Witt and Mrs. C. Richard Wolff.

Shown That "Cooking Is Fun"

Miss Lee Ann Leaphart, home economist for the Manufacturers Light and Heat Co., demonstrated "Cooking Is Fun." She made a "tuna cheese crisp," an "oven dish," a "beef and noodle skillet meal," prepared on the top burners of a stove; "Ground Ham Hawaiian" prepared as a "broiler" meal and a "celery-apple salad mold."

The tuna dish was awarded to Mrs. W. A. Lentz, the beef dish to Mrs. C. Arthur Brame, the ground ham to Mrs. J. Herbert Raymond and the apple salad to Mrs. Carl Martz. The door prize was awarded to Mrs. Luther B. Smith.

Copies of recipes for the dishes which were described as "easy to make" were distributed to the members. Use of automatic heat control was described in the preparation of the dishes.

MRS. BIGHAM

also re-elected.

Fill Board Position

A vacancy on the board of directors, caused by the recent resignation of Robert McMullin, was filled by the election of Leonard Luchsinger, new physical therapist at the Warner Hospital. He will serve for McMullin's unexpired term.

All of the elections were by acclamation. The officers were named after the report of the Nominating committee was presented by Mrs. M. Hadwin Fischer for the chairman, the Rev. A. W. Geigley.

The board discussed further the proposal to organize a council for parents of crippled children after Mrs. Bigham reported on information she had secured from Lancaster County on the operation of such a unit there.

Dr. Bartholomew announced that all supplies for next spring's Easter Seal sale have been ordered to take advantage of early price discounts. The Easter Seal chairman will be named by the new president.

Help Crippled Children

Mrs. Clara Bushey, state nurse, reported on needs of six crippled youngsters. The list, which was approved by the board, included special shoes for several youngsters, brace repairs for one child and new braces for another. The report of the treasurer showed the society spent \$83.45 for a new knee cage for one child, shoes for three others and transportation and hospital examination charges for another.

The directors authorized an application for admission of the society to membership in the Adams County Council of Community Services with payment of a \$5 membership.

Charles Freeland, field representative for the state Society for Crippled Children and Adults, attended the meeting.

President Bartholomew presided with 20 directors in attendance. There was discussion of a new meeting place but action was left in the hands of the new president.

SEE NEW CLEAN-DYNAMIC STYLING

Distinctive—Mercury has exclusive body design; it is the only car in its class that does not use a body shared by a low-priced car.

RELAX IN A NEW KIND OF COMFORT

No car in its class has more usable room. For easier entrance, doors are wider than those of costliest cars. Up front—9 inches more knee room! The tunnel-hump in the floor HAS BEEN CUT IN HALF! The man in the middle doesn't

sit with his chin on his knees. And that lower hump makes room for thicker seat cushions.

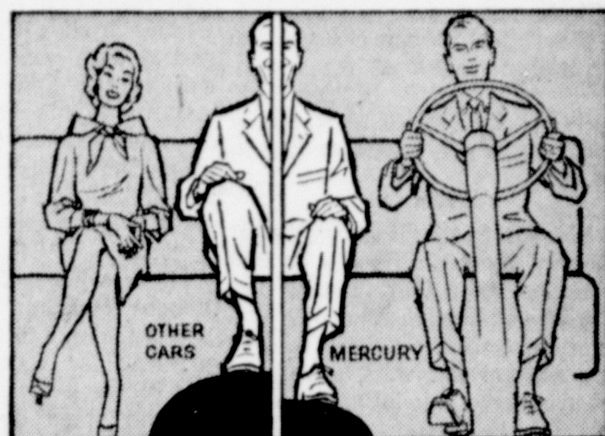

FEEL LIVELY NEW PERFORMANCE

Not just high horsepower—although Mercury offers up to 345—but a new kind of response, quiet, obedient, effortless.

ENJOY NEW ECONOMIES

2 out of 3 new-car buyers can afford Mercury. The big special is the Monterey with its new Economy Engine. You get top performance on regular (not premium) gas—it's like "riding free" 10 miles out of every 100.

Add it up and you get everything you want on wheels—the '59 Mercury. We invite you to try this great car at our showroom.

NEW COMFORT UP FRONT! That tunnel-hump you'll find on other '59 cars is 50% smaller in Mercury. 3 full-size riders can stretch out (including the man in the middle).

MERCURY'S COUNTRY CRUISERS—Unique hardtop styling. Retractable rear window. Fold-away 3rd seat that faces front. Concealed package compartment.

MERCURY'S FIRST WITH SIDE-TO-SIDE WIPERS—They clear a 42% larger area—a 5-foot swath—including the center section. Only Mercury has this aid to safer driving.

Today's Talk

THE BOY WHO CAME BACK

One of the most human of stories is that known as "The Prodigal Son." I have several interpretations of it done by etchers, but the one I love most is etched by the late Foran. It is a dramatic picture, but full of human warmth. You see the little farm house in the distance. Then in the foreground is the father with his arms about his boy, and the boy overcome with joy to be home and enjoying good food and the love of a home again.

Like so many boys, his own home looked tame and unexciting, so he left and went to the big city. With his money gone and his friends getting tired of him, suddenly the boy cried that he had decided to give up life that gave no satisfaction. He said: "I am through with this kind of a life. I will leave it and go to my father."

The father was waiting for his boy and ran to meet him, saying that he who he thought was dead was alive and wanted to be home again, and so the father ordered a new suit of clothes and the best dinner he could prepare. How many another boy has left home and friends, who later regretted it and returned to "the old home," where the natural and happy family became again united.

That Prodigal Son, told of in the Bible, illustrated how false a life of rioting and dissipation can be. It is always a waste of human character and all noble efforts. I recall the brief tribute paid to a prominent American business man who died. The minister said that he sowed no wild oats — because he had none to sow! The man's name was Bond. He was President of the American Raditor Company at that time. He was an inspiring figure.

Tomorrow Mr. Adams will talk on the subject: "Heaven — Here and Now"

THE EASY-GOING MAN

Oh, the easy-going man

Is the man we like to see —

The man who has the time;

For the baby on his knee;

The man who comes along

With a cheerful sort of smile

And doesn't seem to care

Anything for looks or style.

Oh, the easy-going man

Never out of patience here,

Never anything to say

But the little things that cheer,

Never cross and never glum,

Never really downright sad,

Taking things just as they come

And forever seeing glad.

Oh, the easy-going man,

With his little words of praise,

And his smiles for one and all

That he meets along his ways,

Maybe misses much of fame

And the rich rewards thereof;

But he garners, just the same,

All the harvest of our love.

5 Members Of Little Rock School Board Resign; Up To Voters On December 6

LITTLE ROCK, Ark. (AP) — Five members of the embattled Little Rock School Board resigned Wednesday night to clear the way for a quicker solution to the impasse in the integration situation here.

The mass resignation, subject of widespread rumor for the past several days, came as no surprise.

Before the resignations, the board paid off the contract of School Supt. Virgil T. Blossom, frequent target of segregationists and Gov. Orval E. Faubus as the author of the Little Rock plan of gradual integration.

Will File Suit

Amis Guthridge, an attorney and member of the pro-segregation Capital Citizens Council, said he would file a suit seeking to block the action on Blossom's contract.

That is a clear piece of collusion between the board and Virgil Blossom, who has always dominated that board," Guthridge said.

The resignations, effective at midnight Friday, left Dr. Dale Alford, an outspoken segregationist who has consistently voted against the board majority on integration matters, the only remaining member.

Up To Voters

All six positions will be open in the Dec. 6 school elections since Alford's term is expiring and as a congressman-elect he will not seek another term.

Pulaski County Judge Arch Campbell is expected to appoint an interim board to serve until after the election.

The resigning members — President Wayne Upton, Harold Engstrom, Dr. W. G. Cooper, R. A. Lile and Frank Lambright — have drawn almost constant criticism from anti-integration elements since the racial crisis erupted here 14 months ago.

In a joint statement, the five pointed out that the resignations would not relieve the new board of obligations to comply with federal court integration orders.

"Express Choice"

The statement said, however, that the move would give voters in the Dec. 6 election their first opportunity to express a clear cut choice as to whether we have public schools in Little Rock or not.

Nine Negroes attended Central last year under protection of federal troops, but this fall Faubus closed the high schools rather than have them integrated when the U.S. Supreme Court refused a delay.

Alford staged a one-man battle to head off termination of Blossom's contract and a resulting resolution to pay him \$19,741 for the remaining 19 months of the pact.

Rebuked By Cooper

Alford, who gathered enough popular support from his anti-integration statements to enable him to defeat Rep. Brooks Hays (D-Ark) in a one-week write-in campaign, drew a sharp rebuke from Cooper for his objections to paying Blossom off.

He's our responsibility," Cooper said. It would be ungentle-

manly to do otherwise."

Blossom, who became school superintendent in 1953, will serve until Nov. 30. He said he has no plans for another job.

More than 1,000 persons of all

faiths turned out Wednesday night

for a testimonial dinner honoring

Dr. Wagner on his 50th anniversary

at the Trinity Lutheran Church.

SPORTS

GHS Meets Hanover Here Friday In Final; Delone At Scotland On Saturday

Scholastic varsity football fades completely from the local scene this weekend as Gettysburg and Delone High Schools complete their 1958 schedules.

Gettysburg (3-4-1) meets its old rival, Hanover (4-5), in a South Penn League game here Friday evening at 8 o'clock which promises to attract the largest local crowd of the season.

Delone (6-3) closes out against Scotland (2-6-1) on the Cadets' field Saturday afternoon at 2 o'clock.

The top South Penn game Friday night will be the clash between Carlisle and Chambersburg on the latter's field. A victory for Carlisle would wrap up the fifth straight title for the Herd while a triumph for Chambersburg, only league team to beat Carlisle in the last five years, could possibly mean the title for the Trojans. Carlisle still has another league game, hosting Mechanicsburg November 21.

Completing Friday's league games are Hershey at Middletown, and Waynesboro at Mechanicsburg.

Hanover At Gettysburg

This game between old arch rivals brings together a pair of teams which have performed similarly throughout the season because of their inconsistency. Both have won games they figured to lose and both were beaten by under-rated opponents.

Victory is important to each in the season's final as both will be gunning for .500 averages. Each has a 3-5 record in the South Penn League with the Warriors ranking fourth, a notch higher, due to the point system of rating. The game rates as a toss-up from all angles and the nearness of the competing schools should result in the top home crowd of the campaign.

Hanover's league triumphs have come at the expense of Mechanicsburg 19-6; Middletown 25-0, and Waynesboro 38-7. Gettysburg's league wins were over Mechanicsburg 24-7; Hershey 13-6, and Waynesboro 21-0.

13 Hawk Lettermen

The Nighthawks, who won seven of 10 games last year, were expected to fly high again this season with 10 tested veterans on the squad. The lettermen from last year include: End, Gary Amstacher, 170; tackles, Don Jackson, 162; George Stetter, 195, and Phil Berkheimer, 190; guards, Lee Wise, 185; Jim Riddle, 150, and Tom Stahl, 170; backs, Ted Kehr, 165; Jim Heilman, 160, and Gary Smith, 163. Smith has been on the injured list recently but is expected to face the Warriors.

A triumph for Gettysburg would mean the best season in five years and Coach Ben Jones and his staff are leaving no stone unturned in their efforts to have the Warriors primed for their best effort.

With the exception of Bill Shoemaker, halfback, the squad is in good physical and mental condition. Shoemaker will be absent due to a leg injury.

Coach Jones will undoubtedly go with the same starting lineup that he has used the past several weeks but some of the reserves who have performed so well recently, particularly Mike Small, Bob Grosholtz, Jason Gulden, as well as others, are scheduled for plenty of duty.

13 Warriors Finish

Thirteen squad members will be in uniform for the last time. They are Frank Skidmore, Ronald Sorinkle, Harvey Bollinger, Roy Oldsmire, Robert Nelson, Ken Kimple, Captain Gary Maitland, Tommy Crist, Harold Kint, Ted Fair, Barry Fair and Joel Riddlemoser, all seniors, and Bill Rentzel, a Junior, who becomes ineligible next season because of age.

Friday's game marks the 30th meeting between the varsities of the schools. Hanover holds a wide 18-10 lead, one game, the 1937 affair, having ended in a 7-7 tie. The Nighthawks have won the last four years by comfortable margins, last year's score having been 20-7.

Delone At Scotland

Only an extreme amount of over-confidence and carelessness is likely to prevent Delone Catholic from winding up a fine season in a successful manner at Scotland Saturday afternoon.

Scotland has been undergoing a rough season and shows but a victory against six losses and a tie. The Cadets simply don't figure to have the horses to stop the strong Squires who will be out to resume winning after having a five-game streak snapped last Sunday by McDevitt 7-6.

Last Saturday Scotland suffered its worst defeat of the campaign when it was routed 55-13 by undefeated Juniata Joint. Scotland edged Biglerville 7-6 for one of

Army Will Not Play Bowl Game

WEST POINT, N. Y. (AP) — Army is not going to play in any post-season football bowl games regardless of its record.

Lt. Gen. Gar Davidson, superintendent of the U. S. Military Academy and former head football coach at West Point, Wednesday put a firm and official stamp of disapproval on post-season games by the Cadets.

The Cadets, who have won six and tied one of their seven games, have been under consideration by several bowl selection committees.

ROSS'S RYFF LOSES NOD TO EDDIE PERKINS

By CHARLES CHAMBERLAIN Associated Press Sports Writer

CHICAGO (AP) — Barney Ross bobbed his head from one side to the other. He clinched his fists and jabbed.

He shouted until he was hoarse. He jumped frequently to his feet. Once again he was in the Chicago Stadium ring, only in reality he was sitting beside it.

But he just couldn't bring his protegee, lightweight Frankie Ryff, through to victory. Young Eddie Perkins of Chicago, making his first major ring appearance, had too sharp combinations and scored a unanimous 10-round decision over the New York veteran.

There was plenty of blood, some of R being splattered into the press row and near Ross, who took over as Ryff's manager several months ago.

Ryff's nose began bleeding in the third after Perkins decked him for a mandatory eight count with a short right. In the fifth Ryff's frequently slashed left eyebrow opened up. Perkins's nose, and a slight cut under his left eye, also poured blood.

Under the five point system, Judge John Bray scored the nationally televised bout 47-44, Judge Bill Dwy 47-43 and Referee Frank Sikora 45-44. The Associated Press card favored Perkins 40-44.

Each weighed 138 pounds.

Bishop McDevitt, Carlisle To Seve

HARRISBURG (AP) — Officials of Bishop McDevitt Catholic High School and Carlisle High School have decided to discontinue playing football against each other.

Last month McDevitt defeated Carlisle 13-12 after which Coach Ken Millen of Carlisle complained that a play used by the winners was illegal.

Following the hard-fought game fans from both stands ran onto the field and caused a disturbance during which one of the line coaches was struck by a spectator.

No mention of the game was made by either school in announcing the decision to sever football relations.

DELONE SCRUBS TROUNCE OWLS

The Delone Catholic junior varsity football team topped the Westminster reserves 19-13 Wednesday evening at McSherrystown to level its season record at 3-3-1.

Both teams scored in the opening period. Rickie Bollinger ran 20 yards on a pitchout for the Squires while John Hyde swept end on a 40-yard scamper for the Owls.

Tom Keffer gave Delone a 12-6 halftime edge with a five-yard run in the second period.

Neither team could manufacture a score in the third period but both again hit paydirt in the final stanza. Delone scored first on a 20-yard run by Paul Sponseller and Romanus Gastley added the extra point on a placement. Westminster took to the air for its score. Carl Starnier connecting with Bob Martin on a 30-yard TD play. The same passing combination added the extra point.

Delone winds up its season by meeting the Delone Freshmen Monday evening at 7 o'clock.

The lineup:

Westminster
Ends — Fritz, Martin
Tackles — Dull, Himler
Guards — Jordan, Brothers
Center — Pond
Backs — Starnier, Hyde, Arnold, Wolfe

Delone
Ends — Conrad, G. Gastley
Tackles — R. Smith, R. Gastley, Stuller
Guards — J. Smith, Murren, Campbell, S. Graft
Centers — J. Graft, Bennett
Backs — Weaver, Bollinger, Keffer, Ernst, Boyer, Sponseller

Score by periods:
Delone 6 6 0 7-13
Westminster 6 0 0 7-13
Touchdowns, Delone, Bollinger, Keffer, Sponseller; Westminster, Hyde, Martin, PAT, Gastley, placement; Martin, pass.

Says No Agreement In UMW Dealings

PITTSBURGH (AP) — A source close to the Executive Committee of the Bituminous Coal Operators Assn. says a meeting of the group here was routine and there were no developments in dealings with the United Mine Workers.

The committee met Wednesday, but there was no official comment. Edward Fox, president of the association, left for Washington immediately after the conference.

Fox and the UMW have been negotiating a new contract for several weeks. The chief obstacle reportedly is the UMW's insistence that the operators refuse to handle non-union coal.

Either party may end the current agreement signed in 1955 by giving notice of at least 60 days.

How The Golf Pros Do It!

This is the first of four stories by champion golfers.

By ARNOLD PALMER The Associated Press

When I won the Masters tournament at Augusta last spring I was driving the ball real well.

Two weeks before the Masters I had won the St. Petersburg Open and the following week I tied Howie Johnson at Wilmington, N. C., but lost the playoff.

I worked on my driving five or six weeks before the Masters and it paid off.

Hitting Up On Ball

I moved the ball forward so that it played off the big toe on my left foot. I was hitting up on the ball and getting at the ball on my upswing. It enabled me to hit straighter and longer drives.

Before I moved the ball forward I had been hitting on the ball (like with an iron) and playing it back more toward the center of my body.

When I moved the ball forward I set my left hand up in a stronger position and it prevented me from hooking my tee shots.

EDITOR'S NOTE: Arnold Palmer, 23, of Latrobe, Pa., earned \$27,802 on the professional golf tour in 1957. He won tournaments in Houston, Wilmington, N. C., Akron and San Diego. RAUTGERS MAY GO UNBEATEN; HAS 2 GAMES

By JIM KENSIL Associated Press Sports Writer

NEW YORK (AP) — John Stiegman of Rutgers is a rarity among rarities. Not only does he coach one of the nation's two unbeaten, untied major college teams, but he refuses to predict the customary dire consequences in the scarlet's two remaining games.

I honestly don't know too much about the Quantic Marines," Stiegman said Wednesday. But I do know that if we win Saturday, Columbia isn't going to beat us."

Rutgers' final two games are at home the next two Saturdays.

As Stiegman spoke to a gathering of the New York Sports Broadcasters Assn., his star tailback, Bill Austin, listened and occasionally looked at his left hand.

Two Hand Bones Broken

Austin, second in rushing and fifth in total offense nationally, suffered two broken bones in his hand when a teammate stepped on it in last Saturday's game with Lafayette.

Neither Stiegman nor Austin would say if the 165-pound tailback would play again before the season ends. The best guess on Saturday seemed to hinge on whether he is needed.

Quantic has been beaten twice, by Edlin AFB and the University of Detroit, in nine games. Rutgers has won seven, by margins ranging from 11 to 45 points.

Stiegman said Rutgers had still not made up its mind on bowl bids. However, he added, if both the school officials and the players feel that a bowl appearance would be good for the school, the team and the prestige of Eastern football, we could somehow work out the study problems that would arise."

BEARS DEFEAT BARONS 4 TO 2

BY THE ASSOCIATED PRESS

You would think that a team which had won 12 of its 13 games would have left its rivals far behind. But that isn't true in the American Hockey League, where the once-beaten Buffalo Bisons lead Hershey's defending Bears by only four points.

The Bears, only member of the league within sight of the surprising Bisons, moved in closer last night by defeating the cellar dwelling Cleveland Barons 4-2 in the circuit's only game. A year ago the Barons were battling the Bears for first place. This year they have won only four of their 15 games and tied another.

Ron Hurst tallied the tie-breaking goal at 5:40 of the third period. But the Bears added a final goal when Cleveland goalie Gene McNamara was withdrawn from the nets with 45 seconds to play. On the first face-off in the Bears' defensive zone, Les Duff attempted to clear the puck and it travelled the entire length of the ice into the empty Cleveland net.

End Careers Against Hanover Here Friday

Above are pictured 13 Gettysburg High School varsity football players, 12 of whom are seniors, who will wind up their scholastic careers when the Warriors meet the Hanover High Nighthawks in the final game of the season here Friday night at 8 o'clock.

First row, left to right, Harold Kint, back; Tommy Crist, back; Harvey Bollinger, guard; Barry Fair, back; Ted Fair, back; Frank Skidmore, center.

Top row, William Rentzel, junior tackle, who will be ineligible next year because of the age limit; Ronnie Sprinkle, center; Joel Riddlemoser, end; Kenneth Kimple, tackle; Captain Gary Maitland, end; Robert Nelson, guard, and Roy Coldsmith, guard.

FAVOR SNEAD IN HAVANA'S GOLF TOURNEY

By WILL GRIMSLEY Associated Press Sports Writer

HAVANA (AP) — Sam Snead is the favorite and Julius Boros is the over-priced dark horse in the \$45,000 Havana International Golf tournament opening today.

Money backing Boros became a cascade when the phlegmatic Indian-faced professional went on the odds board at 10-1 to win, 5-1 to finish second and 3-1 to take third.

"This is a steal," said one, before placing a sizeable wager on the former National Open Champion from Southern Pines, N. C.

Boros Is 10-1

Boros, whose record in the National Open the last six years compares with that of Ben Hogan and Cary Middlecoff, reported here fresh from victory in the Atlanta Open. He is playing top-flight confident golf and is hard to ignore.

Snead, who has won more than 100 tournaments and is perennial favorite in every one he enters, is short-priced at 4-1 to win, 2-1 for second and even money for third. If you want to bet Sammy to finish fourth you must put up two dollars to win one.

Behind Snead on the favorites list comes Bill Casper Jr. of the Chula Vista, Calif., second on the year's money list, at 6-1 followed by Dow Finsterwald, the Professional Golfers Assn. champ, at 8-1.

Boros is bracketed with National Open champion Tommy Bolt at 10-1 and then comes a trio at 12-1 — Doug Ford, 1957 Masters champion, Art Wall Jr. and Lionel Hebert, 1957 PGA king.

ROOKIE ROYALS ARE IMPROVING

By THE ASSOCIATED PRESS

Cincinnati's kids are learning the pro game the hard way in the National Basketball Assn. The rookie Royals have lost six straight.

They've won only one of eight this season after Wednesday night's 116-115 defeat by the Syracuse Nationals, who trailed by 11 at the half. It was the only game scheduled.

Still, the Royals are improving. They're losing by less. None of their other defeats was that close. If it hadn't been for Dolph Schayes 30 points in the second half, which set three Cincinnati Gardens records, the losing streak might have been forgotten.

Even Schayes wasn't enough for the Nats. They needed Larry Costello's stolen ball basket with four seconds left to win it, moving within a half game of first place New York in the Eastern Division. The Royals are last in the Western, but they're only four games out of first.

7,000 WITHOUT WEEKLY WAGES

SPRINGHILL, N.S. (AP) — The 7,000 residents of this hard-rock coal town today faced a bleak future without the \$60,000 weekly payroll from mining.

The Dominion Coal Co. announced Wednesday night it had decided not to reopen the mines which have been Springhill's lifeblood for 125 years. The decision followed the second mine disaster in two years.

"This looks like the knockout blow," Mayor Ralph Gilroy said. The Nova Scotia Cabinet planned to discuss the situation at a meeting today in Halifax. Premier Robert L. Stanfield promised his provincial government "will do all in its power" to help the town.

Dominion's No. 4 colliery was closed after an explosion in 1956 caused 39 deaths. An underground upheaval in adjacent No. 2 colliery on Oct. 23 killed 74 men.

Frosh To Meet Johns Hopkins Here Friday

Gettysburg College's freshman football team plays its first game on its home field Friday afternoon when it is host to Johns Hopkins. The kickoff is scheduled for 3 o'clock.

The Bullet yearlings have a 1-2 record, having lost to Bucknell 28-6 and Bullis Prep 26-0, while winning over the Shipensburg State Teachers' College jayvees 13-0.

Improvement was noted in the Little Bullets' performance last week and Coach Jack Ridinger and his squad will be gunning to even their season mark. After Friday's game, the frosh will meet Stevens Trade here Friday, November 21.

DIXON POST
ADDS TWO TO
MEMBERSHIP

Two new members, Norman Little and Jerome F. Long, were accepted at the semi-monthly meeting of the Mason and Dixon Memorial Post 6954, Veterans of Foreign Wars, Tuesday evening at the Post home.

Quartermaster Charles Bridgner reported on the recent fund raising project of the unit, which was very successful. A final report on the Halloween dance was given by Earl Weaver, and this also was termed a financial success.

Donations were voted as follows: \$10 to the Pennsylvania Association for Retarded Children and \$2.50 to the Eton Rapids National Home Pictorial Yearbook.

It was decided that the VFW, in cooperation with another service club of the community, will purchase a hospital bed for use by a local citizen. It was also decided that the unit will give a donation to the newly formed Brownie troops of the community, this year and each year in the future that new Brownie troops are formed.

Preliminary plans were made for the annual eggnog party on Christmas morning at the VFW home and for the annual New Year's Eve dance at Banker's Restaurant. The Vets will meet again on Tuesday, November 25. All members of the local Ground Observer Corps are asked by the ground supervisor, Paul E. Hiltbrich, Jr., to make plans to attend the special county awards ceremony being arranged for Wednesday, November 19, at 7 p.m. in the court house in Gettysburg.

Answer Fire Calls

Alpha Fire Co. firemen were called out for the second time on Wednesday, when there was an alarm at 9:10 p.m. Three pumpers and the service truck answered the call to the dwelling house at 122 E. King street about a block from the engine house, owned by E. A. Sheets and occupied by Amos Crossland. There was a chimney fire, caused by an overheated stove. One booster line was used to extinguish the blaze. Damage was negligible.

The first fire in the morning was also a chimney fire at the home of Daniel Dietrich, Gettysburg, R. D.

Ladies' Aid Meets

The Ladies' Aid Society of Redeemer's United Church of Christ met in the church social hall Tuesday evening when the program included the Apostles' Creed in unison; group singing, accompanied by Miss Sally Basehoar; scripture and prayer; Mrs. Clement A. Sneringer; readings, Mrs. John W. LeGore and Mrs. Anna B. Leach; vocal solo, Susan Basehoar, accompanied by her sister, Sally; piano solo, Sally Basehoar.

Mrs. Edward B. Geiman, president, presided for the business and heard reports from Mrs. Donald C. Arbogast, secretary, and Mrs. Paul F. Crabb, treasurer. The following nominating committee was appointed to prepare a slate of officers for presentation at the December meeting: Mrs. Anna Leach, Mrs. Glenn S. Kauffman Jr. and Mrs. Paul Crabb.

The flower committee was instructed to send Christmas remembrances to the shut-in members of the Aid. There was a discussion on participation in the congregational Christmas bazaar to be held in the church social hall December 5 and 6. Mrs. John LeGore and Mrs. William Wherley comprise the bazaar committee from the society.

The guess package, given by Glenn Kauffman, was won by Mrs. Charles A. Hofe. The meeting closed with the Lord's Prayer in unison and refreshments were served by Mrs. Sneringer, Mrs. Wherley and Mrs. Claude Olinger.

A Christmas party and covered dish supper will be held in connection with the next meeting on Tuesday, December 9, at 6:30 p.m. in the church social hall. There will be an exchange of \$1 gifts. The hostess committee comprises Mrs. John D. Basehoar, Mrs. Paul Crabb, Mrs. Edward Geiman and Mrs. Horace Koutz.

James MARLOW Reports

The Associated Press

WASHINGTON (AP) — When some men stumble on the stairs to fame, fortune or influence, they bow out quietly, convinced they've had it. Not Harold Stassen. He just changes to a new pair of climbing shoes.

He did it again Wednesday when — with his influence in the Republican party apparently at an all-time low — he came out of political oblivion to talk with President Eisenhower at the White House.

This gave him a chance to use the White House as a sounding board. After leaving Eisenhower, he told newsmen his views on Republican presidential candidates in 1960.

Failed Three Times

What's he looking for: the presidential nomination himself? Probably not. He looks washed up in that department. He made three tries for the Republican nomination between 1944 and 1952.

Each time he was pushed aside. This year the Republicans of Pennsylvania, where he moved from Minnesota, rejected his bid to be their candidate for governor.

What, then, does he want? One thing is clear enough: He wants influence in the Republican party where, year by year, it has grown less. He may even have ambitions for another try at the governorship.

Plans To Be Active

He said he will be very active in the Pennsylvania Republican organization and its leadership, and indicated he thought he could have won the governorship from the Democrats if his own Republicans had let him run.

Above everything else, Stassen is a man who wants to be heard, even if it means eating what he said a little while before, as happened to him in 1956 when he tried to wreck Vice President Nixon's chance for renomination.

Cool To Nixon Again

He said at the time, in effect, that Nixon was not the man for the job. But, when it became clear the convention delegates wanted Nixon, Stassen, without apparent embarrassment, got up and publicly seconded the nomination.

Now he's cool to Nixon again. The vice president was not one of the four Republicans Stassen listed as men he thought could win the presidency in 1960 if they got the party's nomination.

His four choices were: Nelson Rockefeller, recently elected governor of New York; Henry Cabot Lodge, U.S. ambassador to the United Nations; Secretary of the Treasury Robert B. Anderson, and Secretary of the Interior Fred Seaton.

His omission of Nixon as the man for the White House was so obvious newsmen asked him if he was going to try to "dump" Nixon all over again. He said: "I don't think it should be expressed in those terms."

Must Show Strength

But before Stassen can dump anybody he has to show he has more power in the Republican party than he's been able to display in recent years.

He even lost influence in the Eisenhower administration. After running the foreign aid program, Stassen became Eisenhower's special adviser on disarmament, working directly under the President in the White House.

But he ran afoul of Secretary of State Dulles. They didn't see eye to eye on foreign policy. Dulles won. Eisenhower shifted Stassen, putting him under Dulles, which meant under Dulles' thumb.

Early this year Stassen quit to seek the Pennsylvania governorship, lost out there, and nationally had become only a political memory.

Littlestown TRAVELOGUE PRESENTED AT CLUB BANQUET

A travelogue, "The Polar Bear Story," was given by H. L. Conley, director of purchases at Borg Warner Corp., York, a much traveled hunter, as the feature on the program at the 24th annual banquet of the Woman's Community Club of Littlestown and vicinity Wednesday evening in the social room of Redeemer's United Church of Christ.

The colored slide pictures were well received by about 75 members and guests and some 40 Boy Scouts who attended. The Scouts were accompanied by assistant Scoutmaster Paul E. Renner.

The travelogue included pictures from the capitals of Europe as well as the Arctic region, and one of the pictures was the

cover picture of the magazine, Outdoor Life, in December 1957.

Collegian Singer

The program also included three baritone solo selections by Donald Gutekunst, a senior at Gettysburg College. His music teacher at the college, Miss Marie Budde, a member of the evening's program committee, accompanied the vocalist who sang "The Hills of Home," "When I Think Upon the Maidens" and "Ole Man River."

Mrs. Luther Ritter, chairman of the program committee, was toastmistress and introduced both the vocalist and the speaker. The committee also included Mrs. J. Harvey Pettyjohn, Mrs. Glenn Flinchbaugh, Mrs. P. Bernard Weaver, Mrs. Donald C. Sheely and Mrs. Ralph I. Unger.

A full-course roast turkey dinner was served by the Hostesses' Sunday School class of the church. The Rev. Glenn Flinchbaugh, pastor of Redeemer's church, offered the invocation. Miss Budde accompanied for group singing. A welcome was extended by the club president, Mrs. Robert J. Eckenrode, who was presented a corsage matching the floral centerpiece on the individual tables. The flowers, red, white and blue, in tri-colored containers, and programs reflected the patriotic color scheme.

It was announced that the next meeting will be the annual Christmas party at the home of Mrs. Luther W. Ritter, Glenwyn Drive on Wednesday, December 10, when the program committee will arrange the program and the civic service committee members will be hostesses.

Plans for the Jabberwock, to be sponsored by the Littlestown Jointure Parent-Teacher Association, were further discussed at a meeting of the executive board Tuesday evening at the home of the president, Marvin F. Breighner, E. King St. The Jabberwock will be held on January 29. The general chairman is LaRue O. Epler. The chairmen of the committees for the affair, tickets, Mrs. Luther W. Ritter; publicity, Chester S. Byers, and refreshments, Mrs. Robert W. Hall, made

Atlas Launching Postponed Today

CAPE CANAVERAL, Fla. (AP)—Launching of a powerful Atlas intercontinental ballistic missile was called off early today when the firing crew ran into technical trouble during the countdown.

The 85-foot Atlas, biggest missile in the U.S. arsenal, sparked in the rays of floodlights for several hours before the scrub was called.

The Air Force declined to elaborate on the technical difficulties encountered, but announced the shot probably would be rescheduled soon.

The 100-ton Atlas blew up on its last launching Sept. 19. That was the first attempt to shoot the two-million-dollar rocket the complete 6,325-mile intercontinental range.

The board planned a resolution to be adopted by the PTA to congratulate the Laurel League championship Thunderbolts football team of the Littlestown High School. The team had a 5-0 winning season in league competition, and an 8-1 overall season.

The following committee was appointed to represent the PTA in the investigation of the feasibility of having a signal light erected at the Pennsylvania Railroad crossing on the Hanover Rd., near town: Charles E. Ritter, Chester S. Byers, Kenneth K. Kroh.

It was announced that Rolling Acres Elementary School T-shirts are still available. The present membership drive of the association will be continued.

Rotary Speaker

American Education Week will be observed at the meeting on Tuesday at 8 p.m. for the PTA at the Rolling Acres School. Open house will be from 7 to 8 o'clock. A class of pupils will be taught on stage by Miss Mary Catherine Shildt, elementary teacher, and chairman of the evening's program committee. The class will also present a Thanksgiving playlet. A trio selection will be sung by Mrs. Harry Weisel, Mrs. Robert

W. DeGroff and Mrs. Clinton O. Sentz.

The Rev. William Young III, pastor of the Slate Ridge Presbyterian Church, Cardiff, Md., was the guest speaker for the Rotary Foundation Week program presented at the dinner meeting of the local Rotarians on Tuesday evening at Schottie's.

The Rev. Mr. Young used as his theme "The Kingdom of Rotary," and told how the foundation send outstanding students for a year's further study and fellowship abroad. The speaker was a foundation student and had studied in England. The program was arranged by the international service committee, A. G. Ealy, chairman. Three visiting Rotarians were introduced. A board of directors meeting followed the regular session.

The Fellowship and Attendance Committee, composed of A. W. Schott, chairman, Nevaeh A. Crouse, Paul E. King, Preston Myers, Charles Slusser and Paul R. Snyder, will be in charge of the program for the Rotary meeting next Tuesday at 6:15 p.m. at Schottie's.

The Littlestown Borough School Board met Tuesday evening at the high school building with the following directors present: Karl P. Bankert, president, who presided; Wilbur E. Mackley, Lloyd E. Crouse and Henry E. Waltman, and non-member, Luther W. Ritter, secretary. Receipts of the evening were: \$1,965.27, received from LeRoy W. Bish, tax collector; expenditures, \$10,089.23 to the Littlestown Joint School System; and \$48.03 to LeRoy Bish, commission on taxes collected. The board will meet again on Tuesday, December 9.

Dance Band Leader Cited As Tax Dodger

PHILADELPHIA (AP)—Howard Lanin, a dance band leader much in demand at society functions, has been indicted on charges of evading \$10,164 in income taxes. The indictment was returned Wednesday by a federal Grand Jury. About half the amount was on personal income in 1952, 1953,

ASKS SERIOUS CITY PROBLEM

PHILADELPHIA (AP)—What's the most serious problem facing this city?

A high school editor put the question to Mayor Richardson Dilworth Wednesday. The mayor's reply:

"Most cities grew up like topsy. They were badly governed. Now we have to make up for 100 years lack of planning—in housing, transportation, recreation, sewers and other departments."

Another of the 70 student editors meeting with the mayor asked, "What can student governing bodies do to help stop juvenile delinquency?"

"Stop tearing up buses for one thing," replied the mayor, referring to some recent incidents of that sort.

BABY HANGED BY A DIAPER

BOYERTOWN, Pa. (AP)—A sanity commission is expected to examine a 35-year-old woman whose baby was found hanged by a diaper from his crib.

A Berks County coroner's jury ruled Wednesday night that Mrs. Anna Mae Moser strangled her 17-month-old baby Gary Lee, while she was mentally deranged. A doctor called to the Moser home Monday, testified that he found the baby dead and the mother lying across a bed in a state of hysteria.

Her husband was at work. The and 1954, the indictment said, and the other half on income earned during the same years by a book agency he heads.

Lanin lives in suburban Merion and has been a band leader since 1922.

Another indicted on tax evasion charges was Earl G. Eggers, a tugboat captain from Bywood, Delaware County. He was charged with evading \$3,653 in taxes for the years 1952, 1953, 1954 and 1956.

CIVIL RIGHTS COMMISSION FACES CRISIS

By STANLEY MEISLER

WASHINGTON (AP)—A clash between the Civil Rights Commission and the state of Alabama may erupt next month at an open hearing on Negro voting.

The commission says it will subpoena all the witnesses and records it needs for a Dec. 8 hearing in Montgomery, Ala.

But Atty. Gen. John Patterson, Alabama's governor-elect, has told the state's vote registrars they do not have to turn over registration records to federal representatives. Patterson has added he will resist any move by the commission to get the records.

Its First Hearing

The hearing will be the first held by the new commission, which announced plans for it and other activities after a closed meeting here Wednesday.

A national conference, focusing on school integration problems in the border states and the South, was scheduled for Nashville, Tenn., in February.

The commission said it also is investigating complaints that some Puerto Ricans have been denied the right to vote in New York City. They reportedly can read and write Spanish, but not English. Literacy in the English language is required of voters under New York's laws.

Checking Charges

For some time, the commission has been checking charges that registrars in Alabama's Macon County have kept Negroes from

Mosers have another son. Boyertown Police Chief Henry E. Groff said the mother admitted the killing and gave as her reason the baby cried so much.

Mrs. Moser is in Berks County Prison awaiting a hearing on a charge of murder. No date has been set.

SAYS PROBATION IS NOT WORKING

PHILADELPHIA (AP)—"This proves probation is not working."

So said Judge J. Sydney Hoffman Wednesday. Then he turned to three teen-age boys standing before him.

"You have the nerve," he said, "to drive to this courthouse to report to a probation officer in a stolen car. Hoodlums like you

voting. Last Oct. 20, the commission demanded records from the county's Voter Registration Board. The board, following Patterson's advice, refused.

It is this refusal that prompted the commission to set up the Montgomery hearing. More than Macon County, however, may be considered. Complaints have been received from other counties, and the commission may take them up together.

have no time for probation."

Actually, only one of the three boys was on probation—Joseph Long, 16, of Philadelphia.

Police said they found all three in the car after chasing it for three blocks last Oct. 17. But Long, they said, asked officers to drive him to a scheduled appointment with his probation officer.

Judge Hoffman sent Long, and the other two, George Gray, 14, and Gerald Jackson, 13, also of Philadelphia, to the Youth Study Center.

And he revoked Long's probation on a larceny conviction.

WINDSOR, Ont. (AP)—A gleaming 1957 car, first prize in the Windsor firefighters' Benefit Fund raffle, didn't excite winner Ed Dudley. President of the Windsor Antique Car Club, he drove a 1904 model to pick up his prize and said he would sell the new one.

GIRL SAYS SHE DEGGED KILLER TO SPARE TWO

LINCOLN, Neb. (AP)—Caril A. Fugate says she pleaded with killer Charles Starkweather to spare 2 of his 11 admitted murder victims last January.

"He told me to shut up," she recalled.

Caril's first-hand account of part of the Starkweather killing spree was delivered Wednesday to a jury hearing the 15-year-old brunette's trial for murder.

She is charged with aiding and abetting Starkweather in the slaying of Bennet, Neb., schoolboy Robert Jensen last Jan. 27. Starkweather is under death sentence for the killing.

Bodies of Jensen and his date, Carol King, were found in a storm cave.

Feared For Life

Caril told the jurors she expected at any time to become one of Starkweather's victims.

She wanted to get away from Starkweather, she said. But "he always told me if I ever got loose my family would be killed."

Caril's mother, stepfather and half sister already had been killed by Starkweather.

Caril told how the Bennet teenagers were flagged down on a road and how Starkweather forced Jensen at gunpoint to drive to the storm cave.

Begged For Lives

She said that at Starkweather's command, she pointed a shotgun at Miss King and told her to get out of the car. In a low voice so Starkweather wouldn't hear she said she told the girl "You better get out so you won't get hurt."

"I asked him again not to hurt them," Caril said. "He told me to shut up."

As Starkweather and the Bennet couple walked away into the darkness, "I just sat there scared stiff."

Minutes later she heard shots.

"Why didn't you run away?" asked defense lawyer John McArthur.

"I couldn't move after I heard the shots. . . . I was froze stiff."

News Briefs

BOSTON, Mass. (AP) — The body of James M. Curley, Democratic political power for many decades, will lie in state at the Massachusetts Statehouse until his funeral Saturday.

Curley died Wednesday, eight days short of his 84th birthday.

He was considered the last of this country's big city political bosses.

HARLAN, Ky. (AP) — Home Brew Hollow near Clossport has lived up to its name again.

Police found a moonshine still there Wednesday.

The hollow was named because of a homemade beer industry which once flourished in the area.

NEWARK, N.J. (A) — It was an impulse, said Clifford Cook, that caused him to turn a false firm alarm.

"I have an impulse to send you to jail for 60 days," replied Chief Magistrate Nicholas Castellano Wednesday. And he said.

CHICAGO (AP) — Downtown State Street, Chicago's main stem, becomes the world's brightest avenue tonight.

A new \$500,000 lighting system will go on along a mile of the famous street when resident Eisenhower presses a golden telegraph key in the White House at 10 p. m. EST.

The 70 poles in the new system, from Lake to Van Buren streets, are 36 feet high, each topped with four fluorescent lamps.

NEW YORK (AP) — The State Commission Against Discrimination has upheld the Arabian American Oil Co. in its refusal to hire Jews for service in Saudi Arabia.

Commissioner Elmer A. Carter Wednesday dismissed the complaint against Aramco brought here two years ago by the American Jewish Congress.

Carter cited a State Department letter which said that any attempt by Aramco to force American Jewish employees on the Saudi Arabians "would most certainly prejudice the company's operations in that country and would probably adversely affect other U.S. interests there as well."

HOUSTON, Tex. (AP)—They're literally bleeding for school bus service here.

The Houston School Board cut off free bus service to schools in some 20 areas and parents had to raise about \$2,000 in each area to pay for the service.

Parents whose children go to the Oates Elementary School were unable to raise enough money.

So a mother and two fathers donated blood to a blood bank for \$20 a pint Wednesday. They were still \$200 short of their goal.

NEW ROAD SURFACE

ANN ARBOR, Mich. (AP) — Tests are being made here of a non-stretchable rubber coating for highway surfacing. Road officials say the cost is five to six cents a gallon more than conventional asphalt but the rubber is supposed to be more durable, easier to lay and maintain and will provide more traction.

STUDY WAYS TO LEAD PERSONS INTO SCIENCE

PHILADELPHIA (AP) — How to lead a horse to water, or, more specifically, how to lead qualified young people into what seems to them like colorless professions?

That was the problem posed Wednesday by two dozen educators, economists and businessmen at a conference sponsored by the American Academy of Political and Social Sciences.

Tentatively they decided on two methods of guiding young people into such important but under-manned fields as teaching, science and government work.

Guidance by high school counselors.

A "new climate of public opinion," created by using all the devices of public relations and advertising.

By all means, they agreed, avoid compulsion.

More concretely, they decided to study the manpower problem, and as a first step, issue a report designed to interest foundations in setting up a permanent organization to deal with the problem.

Sen. Joseph S. Clark (D-Pa.), a vice president of the academy, put the situation this way:

"\$10,000 Contribution

"We have a misuse of the brains and ability of our youth. The bright capable ones are not going where the national interest dictates. We have, perhaps, too many people going into television and advertising and too few into teaching and politics."

The academy's study will be financed by a \$10,000 contribution from Sen. Clark. He received the money as part of an award in 1956, honoring him for his four years as mayor of this city.

The senator and former President Herbert Hoover conceived the project as a useful way of spending Clark's award.

SERVICE ON AIR

Excerpts from the 1958 World Fellowship observance service on Sunday in the National Cathedral, Washington, D. C., will be offered over the ABC radio network Friday from 10:05 to 10:30 p.m. One hundred local persons went to Washington by bus to attend the service.

WEST BERLIN IS BREATHING MORE EASILY

By REINHOLD ENSZ

BERLIN (AP)—West Berliners breathed more easily today because the Russian bear and its East German followers appeared—for the moment—to have more growl than bite.

The tipoff came in a news conference Wednesday by Premier Otto Grotewohl of Communist East Germany. Several hundred correspondents attended.

Most of them expected some sort of a dramatic followup to Nikita Khrushchev's demand that the Western Allies give up West Berlin, a capitalistic thorn buried 110 miles inside Communist East Germany.

Many correspondents thought Grotewohl had been tapped by the Soviet premier to announce that the Russians were giving the East Germans control over Allied military traffic into West Berlin. The Allies prefer Russian control because this permits them to avoid recognizing the East German regime.

Nothing Sensational
Grotewohl strode into the conference room 10 minutes late. He said he knew the correspondents expected something sensational but wouldn't get it from him.

What they got was nearly two hours of Communist verbiage about peace, German unification, the Berlin situation and the possibility of negotiations to get Soviet troops out of East Germany.

Throughout, Grotewohl gave the impression he may have received the word from Moscow. So when he mentioned negotiations about Soviet troops, the correspondents figured they had a sensation after all.

Correction Made
But six hours later the official Communist East German news agency ADN put out a correction which drastically changed Grotewohl's remarks about the troop negotiations.

In response to a question on Khrushchev's speech, Grotewohl said: "Yes, I interpret the week-end speech of Khrushchev to mean that the Soviet Union will re-examine the question with the aim of pulling out its troops. Perhaps there would have to be a proviso that the Western Allies take the same step (in West Germany)."

The ADN correction eliminated the word "perhaps" and substituted "naturally." So Grotewohl now was saying that naturally the Western Allies would have to pull out when the Russians leave.

TO TAKE BIBLE INTO VIET NAM ON MULEBACK

By GENE HANDSAKER

PASADENA, Calif. (AP)—A slim, blue-eyed New England girl plans to ride muleback into mountainous South Viet Nam and find some tribe that has no written language.

There, a few miles from the Communist North, she'll spend 10 to 15 years making a phonetic translation of the New Testament and helping the natives establish a church.

"We feel that since the Lord seems to be leading us into it, He'll take care of us," says brunette Jean Donaldson, 26.

To Select Girl
She and a still unselected girl companion will be sponsored by Wycliffe Bible Translators. This interdenominational group, with headquarters in nearby Glendale and 800 field workers around the world, has translated the New Testament into nearly 150 tribal languages.

In high school at Exeter, N.H., where she is still a member of the First Baptist church, Jean began thinking about missionary work. In 1960-64 she was a staff sergeant in photography at Shaw Air Force Base, S.C. She prayed about her decision while earning a B.A. at Westmont College, Santa Barbara, Calif.

At Least Ten Years
Miss Donaldson is studying Biblical languages at the non-denominational Fuller Theological Seminary before sailing next Jan. 17. "I felt I'd like to go to a place which had no one to tell them of the Lord," she said. "There are Christian Missionary Alliance workers in Viet Nam but over 21 tribes without the Gospel."

Miss Donaldson and her partner will write native sounds in basic primers, in phonetic English. "I imagine it will take 10 to 15 years before you get a strong church in one tribe," she said. "When I finish with one, I plan to go on to another."

She said her mother, Mrs. Faith S. Donaldson, Exeter, N.H., is "very happy about it."

TO HOLD HEARINGS
HARRISBURG (AP)—The State Highways Department has offered to hold public hearings on the economic effect of two proposed projects in Lycoming County.

The department said Wednesday one project involves widening and realignment of 2.35 miles of a legislative route in Eldred Twp. from Warrensville south.

Mohawks At Home On High Iron In Manhattan's Tall Forest

By EDWARD NICKERSON
NEW YORK (A) — The Mohawk Indian stood perched high above the ground, his golden brown skin shining in the morning sun, his black eyes scanning the horizon like a hunter in search of game. Then he spoke:

"Hand me that wrench, will you?"

The time — any day of the week. The place — midtown Manhattan. The Indian? It could have been Mike Daibo, better known among the Mohawks as Tironiente or "Fallen Sky." Mike wears a plastic helmet, not a set of feathers, and carries a lunch pail, not a tomahawk.

His lofty perch is a girder of the new 52-story Union Carbide building he and a number of his fellow Mohawks are helping to construct.

About 500 other Mohawks live in New York City with Mike, and almost all of them are able to spend their working lives as he does: riveting steel and swinging heavy girders into place at dizzying heights, building skyscrapers and bridges. High iron work, they call it.

When Manhattan was only a wooded island on an unknown shore, Mike's tribal forefathers ranged upstate New York as part of the great five nation — (later six) — federation known as the Iroquois.

New Kind Of Forest
Now that Manhattan is forested with skyscrapers instead of oaks and maples, these same Mohawks look about them and see proof everywhere of their contribution to its growth. They helped put up the RCA Building, the famous Empire State Building, the United Nations Secretariat Building and they spanned the Hudson with the George Washington Bridge. The list could go on and on.

No Mohawk might ever have bucked a rivet to this day were it not for the fact that their reservation lies near the St. Lawrence River in a well-traveled part of eastern Canada.

One day in 1886, contractors approached the Mohawks with a proposition. They wanted to span the St. Lawrence near Montreal and offered the Mohawks first crack at jobs on the project in return for rights to the necessary land. It was a deal — the Indians wanted the work and the bridge builders were glad not to have to import a lot of sailors from coastal cities. In those days, sailors were among the few who had the nerve to work at high altitudes.

As the bridge went up, the old-time white riveters would often discover Mohawk laborers peering curiously over their shoulders — balanced easily on narrow girders high above the river. By the time the bridge was built, many

of the Indians had learned riveting and other skills.

It was only natural that when there were other high iron jobs to be done, the Mohawks should come along and do them. When New York City had its skyscraper boom in the 1920s, a number of Indians settled down here to live.

Now the Mohawks, much intermarried with whites, live simply — about as other people of their income level live in Brooklyn where most of them settled.

Indian Lore is disappearing
The older Indians, like Tom Jocks, for instance, speak Iroquois on the job. Tom has an Indian name meaning "grapevine." But his two sons, Louis and John, aged 21 and 24, don't even remember their tribal names and know very little Iroquois.

The Jocks family is a good example of how the tradition of working high iron is passed on while the old Indian language and close connections with the reservation begin to fall by the wayside.

The Mohawks aren't the only high iron men. They are usually only a small percentage of those on any given job, but they seem to have a natural affinity for the work.

They aren't indifferent to danger, but height doesn't seem to phase them much.

Why? No one has ever given a satisfactory answer. Some say there is no mysterious altitude fearlessness — that the Mohawks are iron workers today because it's a good job and their forefathers happened to get started in that line.

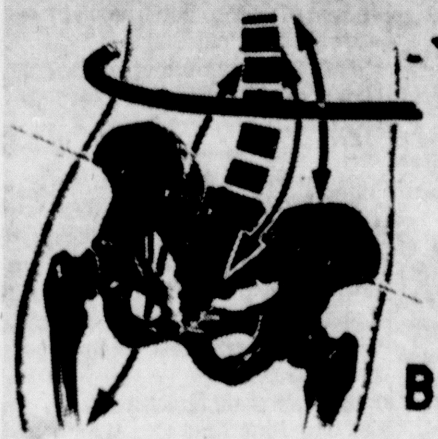

But at least one early historian indicated that something more than this is involved. John Lawson, an English surveyor and traveler in America, wrote in 1714 of the Indians of the Iroquois group:

"They will walk over deep brooks, and creeks, on the smallest poles, and that without any fear or concern. Nay, an Indian will walk on the ridge of a barn or house and look down the gable-end, and spit upon the ground, as unconcerned as if he was walking on terra firma."

CUMBERLAND HOUSE, Sask. (AP) — The first electricity has been installed at this settlement 225 miles northeast of Saskatoon — the province's oldest community. It was founded as a trading post in 1774 by explorer Samuel Hearne.

MONTICELLO, Ky. (AP) — The Monticello Bank had its windows blown out by a dynamite blast. Burglars weren't involved — only workmen next door who used too much explosive in digging a basement.

The Anatomy of the Hula Hoop

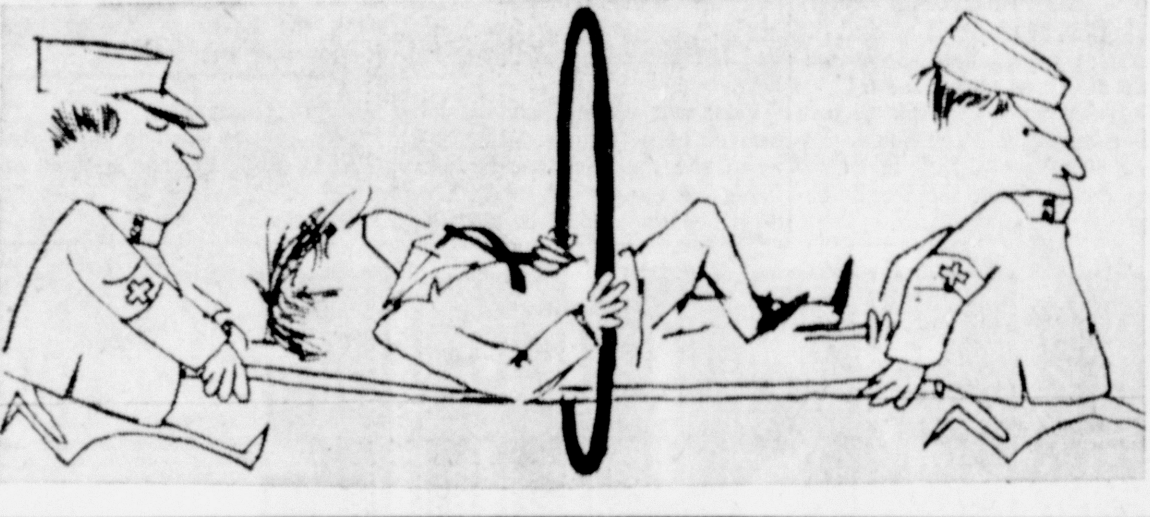

Put down that hula hoop, Pop, unless you want a painful reminder that your lumbo-sacral joint went into lazy adult retirement years ago.

For the benefit of those puzzled parents who wonder what mysterious power is employed to keep a hoop gaily spinning around juvenile hips, Scope Weekly—a medical newspaper published for doctors by the Upjohn Co.—took hula hooping in for a clinical examination. Here's the verdict:

Hula hooping is an excellent form of exercise for youngsters, but can cause disastrous consequences in an adult. This is because it involves muscles that the average adult doesn't ordinarily use.

Figure A shows how a child keeps a hoop in rotary motion by rapid reciprocating movement of the pelvis. All flexors and extensors of the vertebral column, the pelvis and the thigh are used (arrows). Figure B shows how rapid tilting of the pelvis is synchronized with sagittal flexion-extension. Muscle groups act singly and then in concert to produce gyratory motion. The muscles involved (shown by arrows) are iliacus, psoas, quadratus, lumborum and erector spinae.

EDISON FIRM REPLACES FREE LIGHT BULBS

DETROIT (AP) — Last year Detroit Edison Co. gave away more than 11 million light bulbs to housewives and husbands in southeast Michigan.

All the company asked in return was the family's burned out bulbs.

The idea was unique when it

was put into effect in 1913 by the late Alex Dow, who then was president of Detroit Edison. And today it still is a unique idea.

Nobody else in the country goes in for customer service to the extent of Detroit Edison, even though Dow's original thinking seems based on the soundest of business principles.

He said: "Empty sockets don't burn kilowatts."

The company gives free around-the-clock electrical service to its customers. If a fuse blows out in your house at midnight, an emergency crewman will come out and replace it. Last year more

than 372,000 iron cords were handed out in return for the customers' faulty ones. Thousands

TV WESTERNS KEEP FRONTIER GUNS HANDY

By SANKY TRIMBLE
ALBUQUERQUE, N. M. (AP) — Current popularity of movie and television Westerns has the antique gun market in a tizzy.

"We're selling the old frontier single action models like mad," says veteran collector J. A. Ross. "We can't get enough of them to meet the demand."

The buyers mostly want brass-frame carbines and any caliber

of small appliances were required — free, except for parts that cost more than \$1. The bigger appliances — electric ranges, driers and water heaters — Detroit Edison will repair without charge.

Policy Cost Company
All of this service points back to the 1913 decision of Dow, who believed that if it isn't working the company isn't making money on it.

This policy cost the company seven million dollars last year. Detroit Edison has 1,100,000 customers and it spent an average of \$6 per household to provide free service last year. At the same time, the average household electric bill last year was \$85.

As any businessman will attest, a giveaway like this is difficult to call off.

So, the question: If they had it to do over, would they do it? "If anything, it should be bigger," said William R. Milby, assistant director of customer services.

Milby adds that the policy has "a definite value in customer relations." In other words, people like Detroit Edison for it and that's worth something in dollars.

It is almost impossible to figure how much Detroit Edison has profited — or lost — through its customer service policy.

But the 100-watt light bulb gives an example. Given to a customer free, it must burn 50 hours before Detroit Edison starts making money on it.

of single action pistol. The price on such guns has reacted to the market stimulation. A brass frame — if you can find one — goes anywhere from \$35 to \$75. There's practically no limit to the price range on the pistols.

One which Ross has in his Seven Idols shop in nearby Tijeras Canyon is on the market for \$2,750. It's a Texas Patterson, a limited edition model made strictly for use by Texas Rangers. Ross is offering a \$250 reward for information leading to the location and purchase of another Texas Patterson. He has a three-inch salesman's model, a working model at that, of the same gun which he'll let go for a mere \$250. That's about \$80 an inch for the three-inch miniature.

Keeps Traveling
The new demand for frontier guns keeps Ross on the road most of the time, traveling in search of weapons to keep his customers happy. He'll spend two or more weeks on the road and perhaps pick up 100 guns. They go on the local market, mostly to collectors but also to individuals who just want a weapon of the Old West. One man recently bought 160 pieces from Seven Idols in one visit.

Ross keeps from 600 to 800 guns on hand at all times. This doesn't count his personal collection of more than 200 guns at home — picked up in 30 years of gun collecting.

Best bet for finding guns, he contends, are the gun shows held

in various cities from time to time. He keeps a careful record of what shows are being held where and when and usually is on hand, if it is in the immediate Texas, Colorado, Arizona and Oklahoma area.

Oldest Gun
Oldest gun in the shop — which Ross says by the way is well guarded and protected by a burglar alarm system — is a matchlock made, he says, in the 1300s in China.

That Texas Patterson is his favorite subject. A .42 calibre weapon, it was designed and produced in limited numbers in 1836. Since he has his only one — and he says it is the only one in New Mexico — up for sale, he's looking for another one. Or more if he can find them.

Advertising widely, both for sales and purchases, Ross has adopted the old wanted poster gimmick in his efforts to pick up another Patterson. His advertisements and cards show a replica of the gun with his slogan: "This gun wanted — Good or Bad."

RED HOT TERMITES
GEORGETOWN, Ky. (AP) — An exterminating company either killed or scared the blazes out of the termites in the George Southworth's house.

A termite-hunter left a can of insecticide near a hot water heater, and it exploded. The house was heavily damaged by the fire which followed.

REDS MOVE TO FORCE ALLIES FROM GERMANY

By SEYMOUR TOPPING

BERLIN (AP)—Russia and Communist East Germany plan shortly to negotiate the withdrawal of Soviet troops from East Germany, Communist Premier Otto Grotewohl indicated Wednesday.

Grotewohl told a news conference that, by this step, the Communist powers hope to force the United States, Britain and France to withdraw their troops from Western Germany and Berlin.

Grotewohl's announcement gave a clue to how the Kremlin expects to implement Soviet Premier Nikita Khrushchev's announced determination to force the Western allied powers to evacuate pivotal Berlin.

"End Occupation"

Khrushchev demanded in Moscow on Monday that the four-power occupation of Berlin be brought to an end. He hinted that the Soviet Union would end its treaty obligations to insure Western access to the isolated city, 110 miles inside East Germany.

Diplomatic missions in Moscow reported today that the East German mission was circulating an 18-page document charging West Germany with aggressive acts. The printed document appeared Monday, indicating coordination between the Kremlin and East Berlin on a drive to oust the Western allies.

Allies Stand Fast

The United States, Britain and France have indicated they intend to stand fast in Germany, protecting West Berlin by military force if necessary. Both Washington and

YORK SPRINGS — The York Springs Woman's Christian Temperance Union will meet at the home of Mrs. Edgar Smith Friday evening at 8 o'clock. The group is sponsoring an appeal for used furniture, warm clothing, shoes and heavy bedding for the West Virginia, Tennessee and Kentucky mountain districts. These articles will be distributed through missions located in those sections. Anyone wishing to contribute may take articles to the home of Mrs. Smith.

The Latimore Woman's Christian Temperance Union will meet at the home of Mrs. Lloyd Decker on Friday evening at 8 o'clock.

Grade 7-A of the York Springs Junior High School will hold a bake sale on Saturday at Hershey's 5 & 10c Store, beginning at 9 a.m. The pupils will also conduct a paper drive and anyone wishing to contribute may leave their paper and magazines on porch or sidewalk if they will not be home when the children call at their home.

Pfc. Edward Asato, stationed at Granite, Md., was a weekend guest of Mr. and Mrs. Elmer Coulson and son.

Mrs. Zoe Snyder was given a surprise on her birthday when her children and grandchildren

London contend that the Soviet Union cannot, by itself, scrap the agreements reached after World War II for occupation of Germany. Grotewohl called for the signing of a World War II peace treaty with Germany. Agreement among the Big Four on terms of a treaty has been blocked by the cold war which split Germany into two camps.

gathered at her home to extend their felicitations. The following were present: Mr. and Mrs. Wm. Cowan, Carlisle R. D.; Mr. and Mrs. Edgar Howe and sons, Robert and John, Hanover; Mr. and Mrs. Jay Snyder, State College; Mr. and Mrs. John Gibb and Mr. and Mrs. Lloyd Gibb, Carlisle; Mr. and Mrs. Clay Snyder and daughter, Cheryl, Mr. and Mrs. Geo. Stambaugh, Anna Mae, Emma Lynn and Spencer Stambaugh, Mr. and Mrs. Dean Starry and children, Kathy and Stevie, and David Cook, Gardner, R. D.; Mrs. Mac Lott and Mrs. Clara Hardman.

Mr. and Mrs. Julius F. Marte returned to their home in Philadelphia after spending several weeks among friends and relatives in this vicinity.

Mr. and Mrs. Richard Myers and family moved from York Springs on Wednesday to the new home which they purchased at Wayne. Mr. Myers is manager of the Howard Johnson restaurants in that section.

Cyrus Trimmer sold his house along Rt. 15 near Heidlersburg and has moved into the tenant house of Harvey Lerew.

The York Springs Church of God Missionary Society met at the home of Mrs. Blanche Crist recently. The program consisted of devotions, songs and readings. The theme of the meeting was "Being Thankful." Offering and sales amounted to \$9.46.

A donation of \$85 was made for mission work in Idaho. In the past few months seven boxes of clothing were sent by the group to New York, Mississippi, Kentucky, Idaho and Africa.

Mr. and Mrs. Calvin Leer spent a week in Landisville with their son, the Rev. Ernest Leer, and his family, who recently welcomed a new baby, named John David.

Pennsy Is Ready For Snowstorms

PHILADELPHIA (AP) — The Pennsylvania Railroad says it is ready for snowstorms this winter.

During a near blizzard last February, 69 of the road's 139 electric locomotives were knocked out of operation. Fine snow was sucked into their air intakes, short-circuiting the motors.

But Tuesday the Pennsylvania said it has installed linen screens of a finer texture and other devices to solve the problem, as ordered by the New Jersey Public Utility Commission.

A. J. Greenough, vice president in charge of transportation and maintenance, said the railroad's researchers studied devices used in Switzerland and checked manufacturers in this country "to develop the best protection to be had."

Chrysler Plants Closed By Strike

DETROIT (AP) — All eight of the Chrysler Corp. auto and truck assembly plants were closed on Wednesday by a strike of 8,000 office workers and engineers.

Chrysler plants working on missiles and other defense items were not affected.

The United Auto Workers Union, which represents both the strikers and Chrysler's approximately 70,000 production workers, had expressed hopes the strike would not force a shutdown of Chrysler's production of 1959 models.

UAW leaders instructed strikers not to post picket lines around the auto plants—unionists traditionally do not cross picket lines.

Chrysler said its work picture was changing almost hourly because of union walkouts and company shutdowns of some units because of parts shortages.

MOTHER OF 2 HAS BECOME SINGING STAR

BUENA PARK, Calif. (AP) — "In 1935 I got married, in 1936 I had a little boy, in 1937 I had another little boy — and now, in 1938, I've got a career!"

It's a career as a recording star Fran Lacey is talking about. From a quiet life on a side street in a Los Angeles suburb this pretty young mother has suddenly stepped into a new world of bright lights, celebrities, interviews and guest appearances.

"My mother is taking care of the children today so I can get my hair done — of course I have to have it done for tomorrow, because that's when I'm supposed to be on the disc jockey programs."

Her Audition

That's the way things are going these days for Fran. It all started when some neighbors heard her sing and told a friend who owns a record company.

The neighbors talked the friend, Russ Malloy, into auditioning her. She showed up without any sheet music and wasn't sure what she wanted to sing. The band, the Boddy Collette group, had to tell her which key to use.

She used it so well Malloy signed her up.

Hubby Dubious

Fran's maiden name was Bunker, her married name Menns. Malloy renamed her Lacey and had her record an album of ballads.

Fran was a secretary not long arrived here from Visalia, Calif., when she met and married Les Menns, a metals salesman. What does Les think of Fran's sudden

But make no mistake — the champ isn't a burly young man. Miss Joan VanPetersilge, 19, a pretty beauty school student, won the state title from among hundreds of 4-H club youths who specialize in dairying.

Extension service officials can't remember when a girl last won the title.

ASK JOHNSON FOR ANOTHER U. S. SERVICE

WASHINGTON (AP) — The Eisenhower administration has called on Sen. Lyndon B. Johnson (D-Tex.) for another bipartisan task — discussion of continental problems with the incoming president-elect of Mexico.

Johnson, the Senate's Democratic leader, is expected to go to Mexico City some time this month to confer personally with President-elect Adolfo Lopez Mateos.

In Congress and the State Department the invitation to Johnson to undertake the personal diplomatic mission to Mexico was regarded as an indication that the administration wants to work closely with the party leader in shoring up Latin American relations.

2nd Task Of Kind
It was the second bipartisan assignment Johnson has been asked to undertake this week. Previously Secretary of State Dulles had announced Johnson had agreed to speak in the United Nations in behalf of the American resolution for the peaceful uses of outer space.

Although Johnson heads the opposition party in the Senate, he has worked closely with the Republican administration at times, especially on problems involving foreign policy. He said in a speech last week the increased Democratic majorities in the new Congress

Urges Tightening Of PA Standards

HARRISBURG (AP)—The head of Maryland's Public Welfare Department has advised tightening up eligibility standards for public assistance in Pennsylvania and other states.

Thomas J. S. Waxter also called for hiring of more qualified personnel in public assistance work and giving them the protection of civil service.

Waxter made the remarks at an institute sponsored by the Pennsylvania Citizens Assn.

The institute was designed to compare Pennsylvania's public assistance program with those of other states.

TESTING METHOD

WASHINGTON — The aircraft industry is now using TV-like pictures to test a big plane that hasn't as yet been built.

Plans, official publication of the Aircraft Industries Assn., says that through the use of an electronic flight simulator, engineers can determine the flight characteristics of new designs while they are still on the drawing board.

will meet President Eisenhower at least halfway.

Johnson is generally expected to retain his post as Democratic leader when the Senate meets in January. Sen. William Proxmire (D-Wis.), one of an increased number of liberal Democrats in the new Senate, said Tuesday he has found no indications of dissatisfaction with Johnson's course.

NIXON OUT OF RUNNING, IN STASSENLIST

WASHINGTON (AP) — Harold E. Stassen, who waged a "dump Nixon" campaign in 1956, seemed to be relaunching it Wednesday.

He held a political post mortem with President Eisenhower and then pointedly omitted Vice President Nixon from a list of Republican presidential possibilities for 1960.

Stassen gave no indication that Eisenhower in any way approved or disapproved this omission.

Now a Philadelphia lawyer, Stassen is a former presidential adviser. Before the 1956 GOP national convention he led an unsuccessful attempt to jettison Nixon as the vice presidential nominee.

The campaign didn't get very far and, in the end, Stassen himself made a speech for Nixon in the convention.

Lists Possibilities

After his visit with Eisenhower Wednesday, Stassen told newsmen he believes the Republican Party can win in 1960 with any one of four men as the presidential candidate.

Stassen's list: Nelson Rockefeller, who won a spectacular victory Nov. 4 in the New York governorship race.

Senator Clark Asks Dulles To Resign

NEW YORK (AP)—Sen. Joseph S. Clark (D-Pa.) wants Secretary of State John Foster Dulles to resign.

"It is no secret," Clark said Tuesday, "that our present secretary of state has lost the confidence of many of our allies and many of us in congress."

Clark addressed the 40th anniversary Conference of the Foreign Policy Assn.

Clark saw the recent election as an expression of the people's dissatisfaction with the status quo in foreign policy and there desire for a change.

"The change that would make the most difference in our foreign policy is the replacement of our present secretary of state," he said.

Seaton.

Asked if he didn't have somebody else in mind, such as Nixon, Stassen replied:

"Well, I think this 1958 election speaks for itself in that regard." To a question whether he is "still going to try to dump Nixon," Stassen replied that "I don't think it should be expressed in those terms."

RARE GATHERING

WATERTON LAKES, Alta. (AP) — Bighorn sheep in Pass Creek valley in Waterton Lakes National Park, normally timid animals, were seen gathered at an old salt lick alongside a highway. The sheep usually stay high in the mountains.

BURGLARY AND DEATH OF MATE STUN WIDOW

LEAVENWORTH, Kan. (AP)—Mrs. Russell Edgar Parker aimlessly caressed an empty coffee cup, puzzled by the question which had tormented her for sleepless hours.

"I know people are asking why an officer with a fine record would do this thing," she said. "I cannot answer them. I simply cannot."

Her husband, a 40-year-old Army major from Laurel, Miss., was shot and killed Monday night as he fled with \$568 he had stolen in a holdup at a downtown Kansas City movie theater. The decorated veteran of World War II and Korea was shot by the theater manager.

Good Spirits, Health

The Parkers came to Ft. Leavenworth from Corbin, Ky., in August and he was taking a 10-month course at the Army's Command and General Staff College. They lived in the upstairs of a private home in Leavenworth. They have no children.

"I have no idea . . . There was no hint . . . that anything was so desperately wrong," said Mrs. Parker. "He seemed to be in good health."

"He was happy-go-lucky in a way, but he took his studies seriously. He was determined to do well. I wanted to help him. I had

HOWLING SUCCESS

LA CUEVA, N. M. (AP) — Col. William Salzman, rancher-farmer in New Mexico's Mora County, says he believes in complementing the work of nature rather than trying to rock nature's boat.

"My neighbors wanted me to go in with them on poisoning the coyotes, and against my better judgment, I did," he says. "Now we don't have coyotes, but boy, do we have rabbits!"

FIRE BELL

ROCKVILLE, Conn. (AP) — One of this city's first fire alarm systems was a rented bell. In 1893, the city voted to rent the use of the bell in the Methodist Society's church tower for fire alarm purposes.

The rent was \$30 a year.

SNAKE SCARE

LYNCHBURG, Va. (AP) — Deborah Kay Mayberry screamed when she saw her 16-month-old sister, Sandra Lou, playing with a snake. Mrs. Howard Mayberry, their mother, ran out, knocked the snake out of the child's hand and killed it. It was a copperhead.

"The course he was taking is sometimes called the 'pressure cooker,'" an Army spokesman said. Maj. Parker may have worried about financial problems. He had helped pay heavy medical expenses incurred recently by his parents, Mr. and Mrs. Edgar Parker in Laurel.

World War I "Deserter" Is Decorated As "Hero"

SAN DIEGO, Tex. (AP)—Forty years ago Gabriel Garcia ran out into no man's land in France to save a wounded comrade. Tuesday the Army, which had carried him as a deserter since 1919, honored him for his courage.

Garcia, 68, a farm laborer who speaks only Spanish, was the honor guest at San Antonio's Veterans Day celebration. A military plane flew him to San Antonio and back to his home here. A general pinned medals on his chest and spoke of his valor. He sat on a reviewing stand with the brass and watched troops march by.

Express Thanks

When it was over, Garcia said through an interpreter: "What else is there to say but to thank my country and my government from the bottom of my heart?"

Garcia was wounded by heavy enemy fire near St. Juvin, France, Oct. 16, 1918, while rescuing a comrade. He was hospitalized at Ft. Sam Houston, San Antonio, from July to September, 1919, then told he could leave. Someone gave him some papers and Garcia assumed he was discharged. Later he lost the papers.

Last March he asked medical treatment at the Veterans Administration office here. There he learned he was carried as a deserter.

His record was straightened out and Tuesday Lt. Gen. G. S. Meloy Jr., 4th Army commander, pinned on Garcia's chest the Distinguished Service Cross, the Purple Heart and the World War I Victory Medal with three battle clusters.

GOB GASTRONOMY

NORFOLK, Va. (AP)—The best chow in the Navy can be found aboard the carrier Franklin D. Roosevelt and at the Naval Station at Guantanamo, Cuba.

That's the word from the Navy's Ney Memorial Awards Committee, a group of officers and officials of the Executive Stewards' and Caterers' Assn. who judged the competition.

ALBUQUERQUE, N. M. (AP)—Enrollment in Albuquerque schools for 1957 hit the 50,000 mark. School officials noted that the figure is about 15,000 greater than Albuquerque's entire population in 1940.

BOWLING GOOD SPORT; IS AID FOR SIGHTLESS

HOUSTON, Tex. (AP)—The blind are bowling in Houston. Doing a good job of it, too.

Take Mrs. Ann Saxer, who has been completely blind for two years. She started with a game of 30. She now is bowling as high as 190.

She is one of 24 blind bowlers participating in the Mixed Blind Bowling League which competes weekly.

The idea came from a Houston Chronicle story about Mrs. Saxer. Rewritten in braille, it appeared in the Texas braille newspaper. It gave hope to many sightless people that they too could bowl.

A league was suggested and formed. Just imagine throwing the heavy bowling ball down a 60-foot long, 42-inch wide lane. You've never seen what the pins look like. In fact you don't know what the ball looks like.

You're in complete darkness. Sounds impossible. Yet these blind bowlers have made scores up to 190.

Truitt Childre, regional head of the rehabilitation program for

the state commission for the blind, rolled two strikes and two spares. He was elated. He too is blind.

Bowls In 100's

Jan Hard of Fort Worth is only in her 20s but her sight is gone. She is bowling near the 100s. Walter Trimble rolled 119 after two weeks of bowling. He is partially blind.

"It's the first time we've had a chance to compete against sighted folks," says Childre. "It has been one of the greatest morale boosters ever started here for the blind."

Woody Sanderfer, assistant director of the Houston Lighthouse for the Blind, says, "We owe a lot to the seeing bowlers who have kept our interest burning so brightly."

"Without them it would be impossible to bowl," says Mrs. Saxer. "They tell us what pins we missed after our first shot. They help us obtain the proper ball and gladly give instructions and aid to all the blind bowlers."

"I've never seen such courage and sportsmanship," declares the league secretary, Mrs. Dody Partridge.

"I've gotten more out of the league than they have, I know," says Clyde Cannon, who invented a special device that lets the blind bowler feel how many pins are left and where they are.

NEW LONDON, Conn. (AP)—When Peter J. Acton, supervising construction foreman for the Southern New England Telephone Co., recently retired after 48 years of service, the New London Day captioned his picture:

"Phone Veteran Hangs Up."

EXPERT LISTS METHODS FOR FEEDING CHILD

By FRANCES LEWINE

WASHINGTON (AP)—Mothers should try to see food as their children see it, an expert advises. "Children are individuals even to the amount of food they want to eat at one time," says Dr. Miriam E. Lowenberg, head of the foods and nutrition department of the college of home economics at Pennsylvania State University.

Taking part in a national food conference here, she had some practical ideas, including these:

"The size of the portion of food served to a child is very important because goals for eating are set by the amount of food we present to the child. They may be either encouraged or discouraged."

She suggested: "Serve slightly less than you think the child is going to eat." This will give the child the feeling of success—even to the point of asking for a second helping.

Proper Helping

What's a proper size helping?

The average 2-year-old will easily eat about two level table-spoonsful of most vegetables or meat and about twice that amount of mixed soup or dessert.

Mothers will have to work out the figure for their own youngsters according to age and sizes by watching them.

And, remember, Dr. Lowenberg advises, "Young hands are awkward" and foods should be easy to pick up in the fingers.

"Wherever possible, it is wise to make it legitimate for children to pick up solid pieces of food in the fingers"—like raw vegetables, fruits, strips of meat and quarters of hard-boiled eggs.

As for children's tastes: In general, they prefer simple and unadorned foods and textures are important.

Children have keener senses of taste and smell than adults. And that explains why they like flavors that may seem bland to an adult.

Children 2 to 6 often prefer raw to cooked vegetables and fruits. Since preferences change, it is suggested that foods once disliked may be tried again later.

Children 6 to 12 are often very sensitive to texture in food. They like crisp food in a meal "if for no other reason than to hear the sound associated with the chewing of crisp, crunchy carrot sticks or toast."

Things hard to chew don't go

over, either. "Pieces of meat, cooked beets or pieces of raw celery seem to be difficult for children to eat."

That, Dr. Lowenberg suggests, explains why hamburgers and hot dogs or other ground-meat preparations are so popular with children.

Use of Knife

Skill in using a knife is usually acquired somewhere between the ages of 7 and 10. Children younger than that don't want to have to cut food into pieces.

Things to remember: Children are not venturesome in regard to food. They do not appreciate subtleties of flavor. They are not gourmets.

They have their reasons for what they like or do not like to eat—for the most part based on physiological or emotional development.

"We cannot expect young children to like the same kind of food which adults or even older children do."

And she concludes, "It is always easier to change the food than it is to change the child."

"COUNTY FAIR" WINS VIEWING HONORS ON TV

NEW YORK (AP)—Bill Gale and Perry Cross of "County Fair" (NBC-TV) are such amiable, forthright men that you'd like to say they're running one of the finest television programs on the air.

Because of my personal viewing preferences I can't say that. But it can be reported that in the course of a few weeks "County Fair" has won the largest viewing audience of any afternoon program on NBC-TV.

With Bert Parks as master of ceremonies, the program combines audience participation with straight performing—and seeks constantly to surprise its viewers. For example, you may see such things as a former prizefighter trying to punch his way out of a paper bag.

Emphasis On Surprise

Gale, bandleader for the program, is co-owner of Gale-Gerhardt Productions, Inc., and one of the top advertising jingle writers in the country. Cross, the program's producer, has a host of

TV production credits. They were saying the other day that in "County Fair" they are presenting a variety of entertainment with emphasis on the element of surprise.

I ventured the opinion that I, personally, found the program a little.

"The word is corn," said Gale. "But you forget that we're out to entertain several million people—and we are. If something will make you laugh, it's on 'County Fair.'"

Cross said, "Escape entertainment is mandatory at some time of the day and we find that we're offering relaxation and laughter to viewers at the end of the working day."

The program, which has a history dating back to radio days before it was launched with a new television format this season, is concerned with what Cross calls basics. That is, it deals with familiar things: kids, dogs, romance. The band, for example, plays jazz in the style of the 1920s.

Both pointed out that the show bustles with vitality and good humor but does not go in for the old pie-throwing antics.

The show seeks to interest viewers of all ages, Cross and Gale emphasized. Take a look at it for yourself and see what you think.

SEEK CAUSE OF CRASH OF AIR TANKER

SAVANNAH, Ga. (AP) — A team of Air Force investigators sifted through charred bits of metal today as they sought to find out what caused the fiery crash of a KC97 refueling tanker.

Eleven airmen perished Wednesday afternoon when the giant four-engine plane crashed and exploded in a residential area on the Isle of Hope, 10 miles southeast of Savannah.

The dead and their hometowns: Lt. William I. Bowles, 25, Warwick, Va., the pilot; Lt. Harold G. Lassen, 26, New York City; Lt. Freddie Levine, 25, Charleston, S.C.; Sgt. Warren E. Martin, 29, Yakima, Wash.; Sgt. Curtis W. King, 37, Waycross, Ga.; Airman Malcolm Rogers, 22, Prattville, Ala.; Sgt. Lonnie E. Owens, 25, Moultrie, Ga.; Airman Douglas A. Cole, 23, Washington, Iowa; Airman John A. Boyer, 20, South River, N.J.; Airman Joseph P. Turner, 21, Moultrie, Ga.; and Airman John M. Scserbak, 21, Wallington, N.J.

Crash After Takeoff
Officials said most of the men were married and lived in Savannah with their families.

The plane crashed a few minutes after taking off from Hunter Air Force Base. Two houses were wrecked and a civilian was seriously burned.

Frightened witnesses thought the plane would hit a school or a nearby playground, but it crashed half a mile away.

Maj. Robert H. Reed, Hunter public relations officer, said the plane apparently lost an engine.

FARMERS PICK BIGGS AGAIN

WILLIAMSPORT, Pa. (AP) — The Pennsylvania Farmers' Assn. has elected G. A. Biggs, McConelsburg cattle breeder, to his fourth two-year term as president. The group at its annual three-day convention, which ended Wednesday, also re-elected C. M. Wilson, Camp Hill, as executive secretary.

Paul Anthony, Strausstown, Berks County, was elected to a one-year term as vice president.

In other action, the group adopted resolutions calling for:

1. Only the bare minimum in government farm controls.
2. No unions among agricultural workers.
3. A new distribution of liquid fuels tax refunds to local governments for road building, based on 70 per cent mileage and 30 per

DIES OF PNEUMONIA

PHILIPSBURG, PA. (AP) — Pneumonia claimed the life Wednesday of Roy H. Schreffler, 63, prominent Philipsburg civic and business leader.

Schreffler had served as a Philipsburg burgess, councilman, and school director. A retired mining engineer, he also formerly managed the Black Moshannon Airport near Philipsburg.

TO DECIDE ON RACKET PROBE

PITTSBURGH (AP) — A decision will be made later on a petition by civic leader Mrs. Templeton Smith that an Allegheny County grand jury investigate Pittsburgh district rackets.

Judge Clarence B. Nixon of Criminal Court met Wednesday with Dist. Atty. Edward C. Boyle and two attorneys who represent Mrs. Smith, her son, Kennedy Smith, and William F. Beatty. Mrs. Smith wants the district attorney's office barred from the proposed investigation.

Charges Open Operation
After the meeting adjourned, Judge Nixon said:

"The subject matter was discussed by the lawyers and it was agreed the attorneys for the petitioner would present a written statement of their position and the district attorney will present a written statement of his position. At that time, the statements will be considered and, after consideration, a decision will be made."

In a petition filed Nov. 3 and a supplemental request filed last Monday, Mrs. Smith charged that rackets are operating openly in Allegheny County with police protection.

SAFE BY THE HAIR
PHOENIX, Ariz. (AP) — City Manager Ray W. Wilson denies claims that managers have too much say in city affairs.

"City Council members can fire a city manager if they don't like the way he combs his hair," he said at a Phoenix Advertising Club luncheon.

BETTER HEALTH THROUGH
RESEARCH AND SERVICE...

Many important drug discoveries were made by dedicated pharmacists. Drugs taken for granted today, such as quinine for malaria; morphine, the pain-killer; iodine, the first-aid antiseptic... to mention a few. Although today's important discoveries are often made by laboratory teams, the modern pharmacist has the same professional dedication as his predecessors. Through his specialized background and exacting prescription service, he is still serving the public need for better health. It will always be our purpose to maintain these standards in our community.

CHOOSE GRAND CHAMP STEER TODAY AT SHOW

HARRISBURG (AP) — The Pennsylvania National Livestock Exposition moved toward a climax today with competition to select the grand champion steer of the show.

The champion—along with many other prize steers, market hogs and lambs—will be sold at auction Friday during the final day of the five-day show.

Grand and reserve champions of the junior steer division were selected Wednesday with animals entered by two Lancaster County brothers winning both honors.

Wins With Angus
The grand championship was won by Wesley Mast, 14, of Elverston R. 2, with his showing of a summer yearling Angus steer. His older brother, Paul, of the same address, won the reserve championship with his showing of a Hereford steer.

Both are members of the 4-H Baby Beef Club of New Holland, also in Lancaster County.

Heckmire Highlands Farms of Valencia, Butler County, won both grand championships in Angus breeding cattle judging. Animals entered by the western Pennsylvania farm were judged best in the Angus bull and Angus female classifications over a total of 171 others entered.

Other Winners
Pennsylvania State University showed both the bull and female reserve champions in the division.

Portage Farms, Woodville, Ohio, won grand champion bull honors in the Hereford breeding cattle show. Reserve champion honors in the division went to McCormick Farms, Medina, Ohio.

A McCormick Farms entry was named grand champion female Hereford and a heifer entered by Bay Manor Farms, Lewes, Del., won reserve champion.

In other judging: Fred Frey, Quarryville, Lancaster County, received a rare double win in the carcass division when the carcass of his Angus steer was judged grand champion. The steer had been named grand champion earlier of the on-foot phase of the carcass show.

Sheep And Hogs
A Poland China barrow owned by Oscar Anderson, Leland, Ill.,

Tall pines guard the approaches to an attractive chapel within the mill area of a steel company in eastern Texas.

To this interdenominational sanctuary, built and staffed by the company and dedicated just three years ago this month, come as many as 50 employees in one day.

Although some seek the personal counsel of the company's chaplain, many others fulfill the primary purpose of this house of worship, as inscribed on its cornerstone: "... For prayer and meditation, where all men find light for darkness, assurance for confusion, and faith for doubt and despair."

The eyes of those who enter soon come to rest upon the unusual stained glass window above the altar. As Robert Harmon, the artist, describes it:

"There is the large Hand of God, the Creator. From His hand flow all things of creation, fish, water, animals, birds, stars and plant life—all these being apparent throughout the window.

"At the top of this abstract Tree of Life is the figure of man silhouetted against the sun, because man is the crowning glory of God's creation."

From little reflections of man's belief in God, such as these, sprang the inspiration for this Chapel in the Pines: two employees saying grace one day in the plant cafeteria... a knot of men on the Sunday

also won both live and dressed grand championships in that division.

James W. Lightfoot, Woodbury, Conn., showed the champion Shropshire breeding ram and ewe. A Berkshire breeding boar shown by C. R. Galbreath and Sons, Street, Md., was named champion in that division.

Oscar W. Anderson and Sons, Leland, Ill., won champion and reserve champion awards for top sow entries in the Poland China swine breeding show.

Stamp News

By SYD KRONISH
The Associated Press

Unusual circumstances should make the new Honduras commemorative set one of the most sought after philatelic items in recent years. The special set of 10 stamps honors the Bi-National Center in Tegucigalpa.

Honduran stamps are printed by Waterlow and Sons, Ltd., of London. Due to a fire in the British Customs House, a large portion of all Honduran stamps were destroyed, lost or stolen. The supply on hand in Honduras is very small. Therefore the new issue should be sold out quickly for local postal use and thus leaving few for philatelic purposes.

All values of the new issue will be of the same design showing the flags of the United States and Honduras in their national colors.

The Bi-National Center is a private organization governed by a board of directors made up of United States citizens living abroad and nationals of Honduras. There are approximately 70 such centers throughout the world, the majority in Latin America. They provide library services, informational and educational programs as well as courses in English and special seminars about life in the United States.

Austria has issued a new stamp in its Famous Austrians series. The 2.40 - schilling commemorates the 10th birthday of Professor Dr. Oswald Redlich, noted historian. A likeness of the professor forms the main design of the stamp.

The British Crown Agents representative in this country tells us that a new stamp has been issued for Somalia. The design features a portrait of Queen Elizabeth and the Tomb of Sheikh

shift holding a brief service during noon hour.

Amid the tensions, pressures and complexities of modern living, the chapel stands serene; the sound of organ music, flowing forth through an amplifying system to every part of the mill during shift changes, seeming to say:

Take comfort,
Have faith,
Find peace.

sels Fair stamps for the benefit of the Red Cross. The basic designs are the "Atomium" and the "Exhibition View." Overprinted in red are the gurtax and Red Cross symbol.

John Jay, first chief justice of the Supreme Court, will make his initial appearance on a United States stamp Dec. 12. It will be a 15-cent regular postage stamp.

The new adhesive will feature a likeness of Jay based on a painting by Gilbert Stuart now in the National Gallery of Art in Washington, D. C. Permission to use the painting was granted the Post Office Department by Peter Jay, its owner.

Collectors desiring first day cancellations of this stamp may send their addressed envelopes to the Postmaster, Washington 13, D. C., together with remittance to cover the cost of the stamps, prior to Dec. 12. The outside envelope to the Postmaster should be endorsed "First Day Covers John Jay Stamp."

More good news for collectors of U. S. stamps. Advance information has been received concerning five commemoratives and one conservation stamp to be issued in 1959. Here are the stamps and their dates:

1. A stamp honoring "World Peace Through World Trade" to be issued April 19 at Washington, D. C., on the opening day of the meeting of the International Chamber of Commerce.

2. A "Balloon Jupiter" stamp to be issued at Lafayette, Ind., on

Aug. 17 — the 100th anniversary of the balloon fight carrying air mail.

3. A "Pan American Games" stamp on Aug. 27 at the opening of the third Pan American Games in Chicago.

4. A "Petroleum Industry" stamp on Aug. 27 at Titusville, Pa., commemorating the 100th anniversary of the discovery of the first artesian oil well in America.

5. A "Soil Conservation" stamp, the sixth in the Post Office Department's Conservation Series. The date and site will be announced later.

As soon as complete information about denominations, design and colors of these six stamps is decided, it will be given in this column.

The United States Post Office Department will participate in six foreign stamp exhibitions. Special exhibits showing new panels and U. S. album pages will be sent to the following: Naples, Italy, for the centennial of stamps in the Kingdom of Naples; Graz, Austria, at the Graz-American House; London, England, for the 1959 STAMPEX; Hamburg, Germany, for INTERPOSTA 1959; Johannesburg, South Africa, for their International Exhibition in 1960; and London, England, for the 1960 International Exhibition.

When it is 12 o'clock noon in New York City, it is 1 o'clock the morning of the following day in Hong Kong.

SIGN ERROR

CARLSBAD, Calif. (AP) — Chief Bob Hardin and his five laddies busied themselves recently making some rustic signs for the city hall grounds; signs saying "entry," "exit" and such.

The signs are carefully made by cutting letters in wood with an electric router and then emblazoning them with yellow paint. Imagine the fire chief's embarrassment when he discovered that the sign so carefully made for the front of the fire station had his name spelled "Hadin" instead of Hardin.

IS LUCKY

DAYTON, Ohio (AP) — Foreman John Weisman, 19, is a lucky man four times over.

Police said ex-employee Dolphus Cox walked into the Standard Register Co. here and told Weisman, "This is for getting me fired." Whereupon Cox, 40, took out a revolver and pulled the trigger four times.

The gun didn't go off. Cox was sentenced to a year in jail and fined \$1,000 for assault with a deadly weapon.

FRIENDS OF NIXON MOVE IN AFTER ATTACK BY STASSEN

By JACK BELL
WASHINGTON (AP) — Friends apparently are moving in to prevent Vice President Nixon from becoming something of a sitting duck for attacks by Republicans opposing his presidential ambitions.

Nixon took in obviously irritated silence Wednesday a fresh assault from an old foe, Harold E. Stassen, who tried unsuccessfully to dump the vice president from second place on the 1956 ticket.

Talking with newsmen at the White House, Stassen pointedly omitted the vice president's name from a list of four possibilities Stassen said could carry the GOP to victory in 1960.

Mitchell Speaks Up
Although Nixon did not comment, Secretary of Labor Mitchell did. Mitchell said Nixon "ought to be and will be the next President of the United States."

Stassen named Nelson A. Rockefeller, elected governor of New York; Henry Cabot Lodge Jr., defeated for Senate re-election in Massachusetts in 1952 and appointed ambassador to the United Nations; Secretary of Interior Sean Connolly, who deserted Stassen for Eisenhower in 1952; and Secretary of the Treasury Anderson, a former Texas Democrat now registered Republican.

Mitchell, who has been regarded

Arrest Constable In Gambling Drive

SPRINGFIELD, Mass. (AP) — Mayor Thomas J. O'Connor Jr. ordered police to crack down on gambling activities.

One of the first men arrested was Pasquale C. Calabrese, 25, a city constable.

He was convicted in district court of registering and accepting bets and sentenced to a month in the House of Correction.

"Men Of Ability"
He added in a statement: "All of the men he mentioned are obviously men of ability and integrity and display the very great talent that exists in the Republican party. But in any discussion of 1960 Republican candidates it seems to me unthinkable to ignore Vice President Richard M. Nixon, the man who has time and again demonstrated the highest qualifications for the presidency."

In another statement, Republican National Chairman Meade A. Korn described as "totally unrealistic" any list of 1960 potentialities which omitted Nixon's name.

Friends described Nixon as burned up that Stassen got the opportunity to express his views in the White House lobby after a conference with President Eisenhower. The timing and nature of the attack make it difficult for the vice president himself to answer it.

Not Ike's Opinion
James C. Hagerty, Eisenhower's press secretary, said Stassen was voicing his personal opinion and not speaking for the President.

CHANGE FROM THE NORM — Screen star Yul Brynner, who's usually asked for his autograph, points to spot for signature of Earl Mountbatten of Burma. Meeting took place when Britain's First Sea Lord, in America for naval talks, visited Hollywood.

STRIKE STOPS WORK ON NEW CHRYSLER

DETROIT (AP) — Chrysler Corp. moved today to halt all its new car production because of a strike by 4,000 salaried office workers and engineers.

The halt order, affecting all assembly plants and many company supplier plants, meant a layoff of 40,000 of Chrysler's 70,000 production workers.

Chrysler, disclosing its shut-down plans Wednesday, said it was impossible to resume normal operation because of strike interference with production and the routing and handling of materials.

In Third Day
Today was the third day of the white collar workers' walkout over contract demands which were unsettled when Chrysler and the United Auto Workers reached agreement on a national contract five weeks ago.

No new negotiations were scheduled. A total of 16 plants employing 24,000 men were shut down Wednesday. These included all eight auto and truck assembly plants in Detroit and Evansville, Ind.; Newark, Del.; and Los Angeles.

UAW Ineffective
The UAW international appar-

ently was ineffective in a request to strikers to abstain from picketing at the time of shift changes so as to keep plants operating.

Main strike issues bore on seniority rights, union demands for wage equity on various jobs, and a wage progression demand. Chrysler said the pay on the various jobs ranges from \$319 a month for messengers and mail boys up to \$903 a month for project design men. Forty per cent of the salaried force is paid more than \$500 a month, the company said.

FIRST AID LESSON
NORFOLK, Va. (AP) — Jesse Couch learned how to apply a tourniquet by watching television programs and the result may be a Boy Scout life-saving medal.

Dr. M. C. Maddrey says the 10-year-old boy's action is applying a tourniquet on his mother's arm saved her life. The doctor is signing a certificate to that effect.

HISTORIC YEAR
QUEBEC (AP) — Quebec City will celebrate its 350th anniversary in July, 1958, and a 22-man committee has been assigned the job of planning the biggest celebration ever seen here. It was in 1608 that Champlain chose Quebec as the seat of government of New France.

A major problem of Algeria in North Africa is still water supply. More than 22 dams have been built by the French government to provide irrigation.

WANTS BILL ON "MUST LIST"

WASHINGTON (AP) — The announced support of Senate Majority Leader Lyndon Johnson (D-Tex) for the distressed areas bill places it high on the "must list" in the next session of Congress, says Rep. Daniel J. Flood (D-Pa.).

The Wilkes-Barre Congressman was an early sponsor of federal aid to distressed communities. The bill passed both houses in the last session, but President Eisenhower vetoed it.

Democrats have claimed the veto was a factor in their election victory last week.

Johnson's support will give the bill a running start in the new Congress, Flood said in a statement Wednesday.

"All of us in Wyoming Valley and people in other economically distressed areas of the nation can take heart from the strong support for the bill announced this past week by Senator Johnson."

MATCHING BUSES

DAYTON, Ohio (AP) — Walt Disney's family of Mickey Mouse, Donald Duck, Pluto, etc., is helping Englewood school children to avert school bus mixups.

Each bus at the Montgomery County school has a different Disney character pasted on the door. Each pupil riding a bus has a corresponding picture, so by putting two Plutos together everybody gets on the right bus.

Baker and Bettie M. Baker, husband and wife.

Being the same which Russell Wilson Stump and Mildred Elizabeth Stump, husband and wife, by deed dated the 29th day of September, 1956, which deed is recorded in the office of the Recorder of Deeds of Adams County, Pennsylvania, in Deed Book Vol. 215 at Page 386, sold and conveyed unto Dean N. Matthews and Ruth M. Matthews, husband and wife.

IMPROVED WITH: Frame Bungalow and outbuildings.
Seized and taken into execution as the property of Dean N. Matthews and Ruth M. Matthews, husband and wife, and to be sold to me.

DAWSON R. MILLER, Sheriff
Gettysburg, Pa.
November 22, 1958

Ten per cent of the purchase price is payable in cash immediately after the sale and the balance of the purchase price, plus making, docketing and recording of deed, is payable in cash five days prior to the return day of the writ of execution; if conditions are not complied with the property will be resold and the defaulting purchaser will be liable for the deficiency, if any.

ORPHAN SQUIRRELS

CANTON, Ohio (AP) — The Stark County Health Department lost one of its bright spots when the mother of a family of five squirrels living outside the county building was killed by a car.

But things are looking better now. After a strenuous game of hide and seek officials using laborers rounded up the orphans and are now hand feeding them until they are old enough to venture outside.

Before being killed the mother was a frequent visitor of the health department. She would loiter on the department's porch, eat from employees' hands and run over their typewriter keys.

TWANG TALK

TOLEDO, Ohio (AP) — Arthur Harris, "twanged" when he talked. Playing with his toys, he caught a coil spring ¾ of an inch long on his tongue and upper jaw. Manfully, he went to bed without telling his parents and ate breakfast the next morning without saying a word.

Teachers at Lagrange school noticed his peculiar diction and sent him to a hospital where the spring was removed.

REPORTS 1,000 PRESIDENTS OF BANKS NEEDED

PHILADELPHIA (AP) — There are job openings for 1,000 bank presidents and a shortage of men capable enough to fill the posts.

This was disclosed Wednesday by William B. Hall, vice president of the Detroit Bank and Trust Co. He spoke at the fall conference of the Pennsylvania Bankers Assn.

He cited his own firm as an example. Retirements in the next 16 years, he said, will create 12 openings for officers.

Why, Hall asked, don't more college graduates enter banking? The pay, he said, is equal to that earned in the business world.

He said college graduates average \$38 a month to start and \$733 a month after 10 years.

"Besides," he added, "as a banker, you do have prestige."

1959's Most Dramatic Debut

The New Lincoln

Newest Edition of the Classic Lincoln Look

Here indeed, is a new masterpiece in the proud Lincoln tradition. A car of commanding appearance. A car of classic beauty, realized without sacrificing an inch of interior spaciousness and comfort. A car built with unexcelled quality and craftsmanship. These are just a few of the many practical reasons that make the 1959 Lincoln the choice for those who demand the very finest in the motorcars they drive.

The Lincoln interiors are the most spacious and most comfortable of any motorcar, and Lincoln's engine is unquestionably the finest ever installed in an American automobile. Yet, for all its roominess and power, the magnificent Lincoln handles with incredible ease. Enjoy the reassuring confidence that belongs exclusively to Lincoln owners. MAY RESIGN UNION GROUP

ST. LOUIS (AP)—Delegates to the convention of the Brotherhood of Carpenters & Joiners, world's largest craft union, were expected to authorize union leaders today to withdraw from the AFL-CIO. Up for action was a resolution giving the general executive board power to sever the 839,000-member union's ties with the AFL-CIO. Some 1,200 of the convention's 2,000 delegates have signed their approval by signing copies of the measure.

Powerful Endorsement
Such action would be a powerful endorsement of Maurice A. Hutcheson, general president of the union. Hutcheson is under indictment in Indiana's highway scandals and has been under fire by the Senate Rackets Investigating Committee.

The AFL-CIO Executive Council has notified Hutcheson it wants to question him about corruption charges made against him by the Senate committee. Last week Hutcheson advised the council he could not appear at the time because of convention preliminaries.

As the convention opened, Hutcheson mailed to the council a copy of his statement to convention delegates. In it Hutcheson denied any misconduct, including charges he conspired to bribe an Indiana right-of-way official.

In Washington, AFL-CIO sources had no comment on the Carpenters' resolution. Hutcheson, who succeeded his father, the late "Big Bill" Hutcheson as president of the union in 1952, was re-elected to the \$35,000-a-year job Wednesday without opposition.
